### RESOLUTION ON THE REPORT ON THE ADMINISTRATION OF THE POLICE DEPARTMENT FOR THE YEAR 1896.

No. 4849J.

#### RESOLUTION.

POLICE.

*Calcutta, the 27th August 1897.*

READ—

The Report on the administration of the Police Department for the year 1896.

Read also—

The Report for the year 1895 and the orders of Government recorded thereon.

MR. E. R. HENRY held the office of Inspector-General throughout the year.

The present report was received by the Government on the 9th July, the date of submission being the 1st. With the exception of those from Orissa, Burdwan and Patna, the reports from Divisional Commissioners, due in Inspector-General's office on the 20th March, were received in that month.

2. *Constitution of the Force.*—The sanctioned strength of superior officers at the close of the year was 77, as in the previous three years: that of subordinate officers was 23,502 as compared with 23,514 in 1895, an increase of 66 Sub-Inspectors and 88 town chaukidars having been sanctioned against a decrease of 67 head-constables and 99 constables. The force actually

employed on the 31st December 1896 was below the sanctioned strength by 29 Sub-Inspectors, 67 head-constables, 192 constables and 35 town chaukidars. The vacancies in the rank of Sub-Inspectors were purposely kept open, and will be gradually filled up by recruitment of officers by competitive examination. Those in the rank of head-constables will provide the absorption needed for the gradual replacement of head-constables by Sub-Inspectors in accordance with the scheme of redistribution. The vacancies among constables and town chaukidars are reported to have been due to difficulty of recruitment.

3. *Expenditure.*—The following table compares the expenditure under the main heads during the financial years 1895-96 and 1896-97, subject to any correction by the Accountant-General, Bengal, in the figures for the latter year when the accounts are finally closed:—

| Sub-heads. | HEADS OF CHARGES.                                                                                | Actual expenditure for 1895-96. | Actual expenditure for 1896-97. | Increase. | Decrease. |

The increased expenditure of Rs. 1,88,494 over that of last year is due partly to the grant of compensation for dearness of provisions, which amounted to over one lakh of rupees, and partly to the entertainment of additional police in connection with the railway extensions, plague and famine, and also to certain other increased establishments sanctioned during the year for which no provision had been made in the estimate. Last year there was an increase under the eighth head chiefly due to expenses incurred in connexion with the Military Police at Gnatong. This year there is a corresponding decrease under the same head owing to the force at Gnatong having been withdrawn and disbanded.

4. *Reduction of investigating centres and recruitment of investigating officers.*—Two outposts in Muzaffarpur recommended by the Police Redistribution Committee for abolition are still retained, the question of their abolition having been deferred for the present. Being on the Nipal frontier, their permanent retention is probably necessary. Nearly all the centres recommended for abolition by the Redistribution Committee were abolished in the preceding year. At the examinations held in July and December 1896 for Sub-Inspectorships over 100 candidates were selected. The total number of Sub-Inspectors appointed upon the results of open competitive examination, including those selected in the year under report, already exceeds 500, that is, nearly one-third of the total investigating officers. These men are of higher social position, and have the advantage of knowing English and of being generally better educated than their predecessors of the old school, but, coming into the force with no knowledge of its working details and without having to work their way up through the lower grades of constable and head-constable, they are at first necessarily raw and inexperienced. The claims of meritorious head-constables who entered the service before the new rules came into force are duly considered, and selections are periodically made from them for promotion to the rank of Sub-Inspector, those who know English being permitted to attend one term of the Training School.

5. *Police Training School.*—During the year the curriculum of studies was revised and new rules were issued. The School continued to do most useful work. The students are instructed in law, criminal and police procedure, surveying, drill, anthropometry and finger-print decipherment. Assistant Superintendents are also kept there until they pass the lower departmental

standard. Besides the instruction imparted, the encouragement of athletics has done much to improve the physique of the students. Sir Alexander Mackenzie visited the School during the year, and was satisfied with the system of management. The Lieutenant-Governor is glad to learn that since the close of the year a beginning has been made in opening district schools for the instruction of the rank and file of the police. Much has to be done in this direction, the percentage of educated men among the constables and town chaukidars being only 26·8.

6. *Working of the Town Police.*—Further effect was given during the year to the plan of substituting chaukidars for regular police in towns, by the appointment of chaukidars for town duty in certain municipalities of the districts of Burdwan, Rangpur and Backergunge. The change should be introduced where it is stated to be feasible in the 24-Parganas, Nadia, Champaran, Malda and Balasore.

Mr. Henry again brings to notice the general complaint that the rate of pay offered to town chaukidars is insufficient to induce local men of respectability to accept the appointments. Of these chaukidars he writes:—"Being utilised as whole-time officials, it is only reasonable that they should receive the remuneration of whole-time servants. This subject is one which has been under consideration for a long time, and practical experience has convinced all those connected with the administration of the Town Police system that suitable watchmen cannot be obtained at less than the rates which prevail for the remuneration of unskilled labour." The Lieutenant Governor, when discussing the subject last year, thought that an increase in the rate of pay now drawn by the bulk of these men was advisable where the wages of labour are higher, subject to the general condition that the pay of town chaukidars should not be the same as that of constables. A proposal recently received from the Inspector-General for increasing the pay of town chaukidars in seventeen districts has accordingly been sanctioned, and a better class of men will thus be obtained, from whom whole time service can be taken. The Bengal Town Police system, which requires constant patrolling, has been introduced in many towns in place of the old system of watch and ward, under which the constables or chaukidars are kept stationary at beats. It is an unquestionable improvement, but demands for its successful working the proper lighting of the streets or the supply of bull's-eye lanterns to the police. In many towns, however, street lighting does not exist or is most defective. The necessity for improvement in this respect has already been pressed on municipalities, and the Lieutenant-Governor expects that the matter should be kept constantly in view. If the municipal funds do not permit of more effective lighting being provided, the Commissioners should, at least, meet the cost of supplying the police with bull's-eye lanterns and oil. His Honour trusts that ill-advised economy in this respect will no longer be allowed to interfere with the efficiency of the patrol system.

7. *Rural Police.*—The number of chaukidars under Act VI of 1870 and Regulation XX of 1817 and of chaukidars holding service lands (chakran) in each of the past five years is shown below:—

| Class of chaukidars.     | 1892.   | 1893.   | 1894.   | 1895.   | 1896.   |
|--------------------------|---------|---------|---------|---------|---------|
| 1                        | 2       | 3       | 4       | 5       | 6       |
| Under Act VI of 1870 ... | 96,787  | 101,517 | 109,870 | 114,134 | 115,762 |
| „ Regulation XX of 1817  | 53,665  | 48,696  | 41,366  | 35,069  | 32,001  |
| Chakran ...              | 18,629  | 17,911  | 17,003  | 17,063  | 19,324  |
| Total ...                | 169,081 | 168,124 | 168,239 | 166,266 | 167,090 |

These figures show the progress made in introducing the provisions of Act VI of 1870 in recent years. The increase apparent in the number

of chakran chaukidars in the past year is doubtless due to the number of such chaukidars in certain districts having been incorrectly returned in previous years. The Inspector-General has noticed this important subject at appropriate length. The organization of the village police on a sound and satisfactory basis lies at the root of improvement of the police administration in reference to crime. The system of remunerating chaukidars by service lands has by long experience been found to yield bad results, and it is also impossible to secure a suitable class of men where Regulation XX of 1817 remains in force and the chaukidars are dependent on the zamindars for their pay. Act VI (B.C.) of 1870 affords unquestionably the best means of improving the status and efficiency of the rural police, and its introduction in places which are still under the other systems should be pushed on as rapidly as may be practicable. The Act ensures the remuneration of the chaukidars at better rates and with greater regularity, and places them under more effective control. Since its amendment in 1892 it has been possible to enlarge the areas entrusted to the panchayats or village committees, so as to admit of the appointment of sardar chaukidars or dafadars for the supervision of the chaukidars and to act as intermediaries between them and the police, without appreciably increasing the incidence of assessment on the villagers. These officers are a valuable addition to the rural police, and their gradual introduction has the approval of Government.

The progress made in the Burdwan Division in the operations for the resumption of chaukidari service lands and the general introduction of Act VI (B.C.) of 1870 has not been satisfactory, and it is clear that the work is not receiving the attention which its importance demands. The number of chaukidars is far in excess of requirements, and the resumption of the service lands would render it possible to employ an adequate body of men on pay which would go far to remove temptation to dishonesty. Under the present system the village watch is underpaid, the consequence being that many of its members are either active criminals or accomplices of criminals. The attention of the Commissioner of Burdwan will again be drawn to the subject. In the Dacca Division the reform most needed is the general introduction and utilisation of dafadar chaukidars. In the Backergunge district 172 dafadars were appointed, who are beginning to render valuable service. In the Patna Division, Mr. Savage in Gaya and Colonel Ramsay in Muzaffarpur have given special attention to the introduction of the dafadar system. Mr. Savage's work in reforming the chaukidari organization in Gaya deserves special mention. By the introduction of Act VI (B.C.) of 1870, and a careful adjustment under it of the areas placed under the panchayats and of the number of men allotted to each area, he has been able, while appointing nearly 400 supervising chaukidars, to effect a considerable reduction in the total cost of the village watch, by dispensing with 2,517 Regulation XX and chakran chaukidars, and reducing the total number of men employed from 6,495 to 4,432. The Lieutenant-Governor has learnt with pleasure that the Raja of Deo has set an excellent example to the gentlemen of position in the district by joining the panchayat of the area within which he resides. The question of the reorganization of the chaukidari system in Orissa, which had been under discussion for very many years, has been finally disposed of. The old and inefficient system of remuneration by service lands and voluntary contributions will be replaced generally by the system of panchayats and fixed pay under Act VI (B.C.) of 1870, the services of the large body of useless rural police known as paiks and khandaits will be formally relinquished, their service lands will be resumed and settled with them at favourable rates, and the proceeds will be utilised, under sanction received from the Government of India, for the employment of the requisite number of head chaukidars.

8. *Rewards.*—The figures show that a sum of Rs. 21,035 was spent in rewards from the Chaukidari Reward Fund against Rs. 13,971 in 1895, and the balance at the close of the year to the credit of the fund was Rs. 71,868, as compared with Rs. 58,343 at the end of 1895. The closing balance is large in many districts, and the Inspector-General concludes that rewards are not given freely enough by District Magistrates and District Superintendents of Police in deserving cases. Mr. Henry states that the explanation offered by local

officers is that more rewards were not earned by chaukidars. His Honour agrees with him that it is undesirable to fix too high a standard for the work which is to receive recognition in the shape of a small reward. A District Superintendent who interests himself in the supervision of the immense body of chaukidars under his control must have many opportunities for granting rewards, whether large or small, for meritorious work. As in the previous year, the largest amount of rewards from the fund was given in the Dacca Division, the district of Backergunge, where criminal administration has been specially vigorous during the year, alone accounting for an expenditure of Rs. 3,459. In the Patna Division the amount credited to the fund was Rs. 7,382, while the amount spent in rewards was only Rs. 3,306. A similar disparity between receipts and expenditure is noticeable in other Divisions, and His Honour trusts that it is not an indication that fines are being too frequently imposed upon chaukidars for petty offences while rewards are at the same time seldom granted. It is noticeable that, though this year was one of extreme hardship for chaukidars, the number fined departmentally was 29,964, as compared with 24,613 in 1895. The attention of all Commissioners, Magistrates and District Superintendents of Police is requested to the remarks and suggestions of the Inspector-General on the subject of generally improving the status of the village watch.

9. *Railway Police*.—There was an increase of 4 Sub-Inspectors and 17 constables and a decrease of 1 head-constable during the year, the total force being raised from 634 to 654. The increase of staff was required for new lines of Railway.

10. *Special Constables and Private Police*.—In 12 cases 448 men were appointed special constables under section 17 of Act V of 1861, as against 213 men appointed in 1895 in 10 cases. The increase is due to the large number of special constables, 349, appointed in two cases in Darbhanga to keep the peace during the Muharram, there having been a bad outbreak of lawlessness in the previous year at that festival. In Shahabad, where there were five cases of appointment of special constables, four were connected with the Soné Canals. The special constables were appointed along the canals for six weeks only to prevent the cutting of the embankments during the irrigation period. Police were supplied to private persons under section 13, Act V of 1861, in 80 cases, a large number of them being appointed to form treasure guards for Railway Companies.

11. *Military Police*.—The fourth company of Military Police, which was sanctioned in 1894 and was quartered at Gnatong in Sikkim, was disbanded during 1896. The other three companies at Dacca, Bhagalpur and Dumka were maintained at their full strength and are again reported to have attained a degree of efficiency creditable to their superior officers. New drill has been introduced, signalling classes have been started, and gymnasia have been fitted up for the use of the men. His Honour is pleased to learn that the conduct of all three companies was excellent throughout the year. The efficiency of this force is mainly due, as the Inspector-General observes, to the attention which has been constantly given to it by Mr. Pratt, the Deputy Inspector-General.

12. *District and ordinary Reserves*.—The District Police Reserve gave useful help in Rangpur and Saran in preventing serious breaches of the peace. These Reserves consist generally of about 25 well-trained men, who are kept at head-quarters, in order to be available at a moment's notice in case of organised disturbances occurring. His Honour agrees with the Inspector-General that the men should be kept together and the full number always maintained. The ordinary Reserves of districts are maintained for the purpose of supplying escorts and filling up vacancies caused by leave or sickness, and are consequently often much reduced.

13. *Casualties*.—The following figures show the casualties in the police force during the past three years:—

|                                          | 1894.                  | 1895.                  | 1896.                  |
|------------------------------------------|------------------------|------------------------|------------------------|
| 1. Retirement on pension or gratuity ... | 465, or 1.93 per cent. | 383, or 1.55 per cent. | 273, or 1.12 per cent. |
| 2. Resignation ...                       | 889, " 3.70 "          | 814, " 3.31 "          | 774, " 3.17 "          |
| 3. Dismissal ...                         | 615, " 2.56 "          | 591, " 2.40 "          | 534, " 2.19 "          |
| 4. Discharge ...                         | 161, " .67 "           | 184, " .74 "           | 144, " .59 "           |
| 5. Desertion ...                         | 47, " .19 "            | 90, " .36 "            | 66, " .27 "            |
| 6. Death ...                             | 559, " 2.33 "          | 521, " 2.11 "          | 520, " 2.13 "          |
| Total ...                                | 2,736, or 11.4 "       | 2,583, or 10.5 "       | 2,311, or 9.4 "        |

The total admissions to hospital numbered only 9,653, as compared with 11,277 and 11,571 in the two preceding years. This is satisfactory, the decrease being apparently largely due to the fact that 1896 was a healthy year throughout the Province generally.

14. *Torture and extortion by the Police.*—The number of charges of torture brought against the Police was 17, as compared with 15 in 1895. Of these only two were finally prosecuted to conviction, nine cases were declared false, two were dismissed, and in two there were acquittals. In one case in the district of Backergunge, in which Counsel was retained by the Government to prosecute before the Magistrate and the Sessions Judge, a Sub-Inspector was sentenced to 7 and a constable to 10 years' rigorous imprisonment for causing the death of a man by torture, but the conviction was set aside by the High Court.

There were 99 extortion cases reported, against 83 in 1895 and 127 in 1894. Only 16 cases ended in conviction, while 32 were declared false. Mymensingh, as in past years, shows an inordinate number of cases, the district being responsible for 37 cases in 1896 and 24 in 1895. Convictions ensued in three cases only, the accused being constables. Nineteen of the cases were dismissed as false or mistakes of fact or law. One, which was compromised, was returned as true, and 14 were undecided at the close of the year. In addition to these a number of other petty charges were made against the Police. The Inspector-General again draws attention to the systematised persecution of the Police which evidently prevails in this district. It should be the care of the Magistrate, while avoiding any possible encouragement of the police in wrong-doing, to protect them from false and frivolous charges in the honest execution of their duty, and the most effective means appears to be the institution of prosecutions against false complainants. Although the number of complaints of torture and extortion against the police is still large, the Lieutenant-Governor agrees in the view that there is a steady improvement in the general conduct of the force. Complaints from the public are in no way discouraged and are always fully enquired into, whether by the District Superintendents or the Magistrates, but the number of cases in which the police are shown to have acted badly is comparatively small.

15. *Punishments*—The following table shows the punishments inflicted on members of the force during the past ten years:—

| Year. | JUDICIAL CONVICTIONS UNDER THE PENAL CODE. |                         |                    | JUDICIAL CONVICTIONS UNDER ACT V OF 1861. |                         |                    | DEPARTMENTAL PUNISHMENTS. |                         |                    |

In departmental punishments it is noticeable that the number of punishments and the percentage of officers and men punished, 25.5 and 11.1, respectively, are the lowest on record. Mr. Henry remarks:—"No punishments are inflicted until proceedings have been drawn up and explanations recorded, and every order is fully weighed before being carried into effect. When the order directs reduction in grade or rank, its meaning as a pecuniary penalty is explicitly set forth in the proceedings. . . . As the punishments now inflicted are much less severe in character and less uncertain in incidence, it would appear that discipline can be maintained under less drastic sanctions than formerly." Mr. Stevens has read these observations with much satisfaction. Far greater judgment and consideration are unquestionably now shown in the infliction of departmental punishments than in past years, and this cannot, but contribute to raise the self respect of the men and the general tone of the force.

16. *Suicides and Accidental deaths.*—Deaths by suicide were 3,154 in number, 1,921 being cases of women. Accidental deaths reported also increased from 28,996 in 1895 to 29,351 in 1896, deaths by drowning being 12,887. Thirty-eight deaths reported to be accidental were proved to be murders or culpable homicides. The number of alleged suicides afterwards found to be deaths due to violence is not shown.

17. *Conduct of the Police.*—The quinquennial statements of the results obtained by the Police in dealing with serious crime which have been furnished in the report for the past fifteen years are interesting, but comparison would have been simplified if the percentages of successful and unsuccessful cases and of persons convicted and persons acquitted had been given. The figures show that there has been no deterioration in the work of the police. Mr. Henry repeats the remark in the previous year's report, that the complaint against the investigating police is changing form, the principal indictment against them no longer being that they are corrupt, but that they lack the detective skill of their predecessors, and are less capable of controlling the criminal classes. It cannot, however, be denied that corruption still exists, the cause being mainly the small pay of the lower grades of officers, especially the writer-constables, on whom the duty of recording first informations of crime devolves in the absence of the Station Officer. As regards the want of detective skill, Mr. Henry observes:

"The allegation that there has been a decline in detective skill, and that the police now control the criminal classes less effectively than before, is an explicit charge, susceptible of proof or disproof. Opinions on such an issue obviously are not entitled to special weight, for reliance must be placed upon actual working results. A comparative statement for the last fifteen years, showing under the principal heads of crime the success achieved by the police, has been prepared and is given with this Report, some of the information of which may be thus briefly summarised. As evidencing the hold maintained over the criminal classes, the following figures are suggestive. During the five years' period ending 1886, re-convictions were proved against 7,057 old offenders, and 5,767 suspects were prosecuted for bad livelihood, of whom 67 per cent. were convicted. For the following period ending 1891, the figures are 8,626 re-convictions proved and prosecutions instituted against 10,509 bad characters, 64 per cent. of which were successful. During the five years ending 1896, previous convictions were proved against 11,124 old offenders, and prosecutions instituted against 14,451 bad characters, of which 75 per cent. proved successful. Both in respect of the increase and of the effectiveness of preventive action, it appears that police work of late compares favourably with work during any preceding period of the last fifteen years."

The Lieutenant-Governor agrees generally in the views expressed by the Inspector-General.

18. *Inspections.*—The Inspector-General spent 130 days and the Deputy Inspectors-General 168 and 203 days, respectively, on tour, and the headquarters of every district was inspected. The information desired by the Government as to the number of serious crimes in which local investigation was made by the District Superintendent in person has not been furnished. It should not be omitted from future reports. It is important that the District Superintendents should assist their subordinates in the investigation of serious cases, and take a personal interest in the work of detection. It is difficult to appraise the work of inspection done by District Superintendents from the bare chronicle of the days spent by them on tour. The District Superintendents of Bhagalpur, Rajshahi and Lohardaga are the only officers shown as having spent no time at all on miscellaneous duties in the interior of their districts.

19. *Crime.*—The following table shows the incidence of cognizable crime investigated (excluding nuisance cases), according to Divisions:—

The total number of cases of cognizable crime, excluding cases in which enquiry was refused under section 157 of the Criminal Procedure Code, and cases of public and local nuisances, was 1,03,341, as compared with 91,360 in 1895 and 92,747 in 1894. The proportion of police to cases of cognizable crime, as shown in the above statement, is again lowest in the Dacca Division, where there were 16,936 cases and only 2,435 police officers. The police are reported to have been worked under greater pressure nearly everywhere, and the increase in work discounted the relief afforded to Backergunge and Mymensingh by an addition which was made to their police staff.

20. *Police tests.*—The following figures show the working results during the past three years according to the prescribed tests:—

|                                           | Percentage of cases investigated to cases reported. | Percentage of cases ending in conviction to cases decided. | Percentage of persons convicted to persons sent up for trial. |

Class VI includes mainly public and local nuisances and cases under local laws.

The figures for 1896 compare favourably with those of the preceding years. A comparison of these figures with those of the North-Western Provinces again indicates that the percentage of cases investigated by the Police in those Provinces is much smaller than in Bengal, while the percentage of success in both cases and persons is usually higher. The Inspector-General furnishes figures, in a statement comparing the strength of the police force to cognizable crime and population in the principal Provinces, which support his conclusion that Bengal is, in a marked degree, more under-policed than the other Provinces of India.

21. *Reported crime of the Province.*—The following statement shows the cognizable and non-cognizable crime reported in the Province during the last ten years, with the average price of common rice:—

The increase in both cognizable and non-cognizable crime is noticeable. In cognizable crime it is attributed everywhere to the pressure upon the poorer classes, resulting from the high prices of food-grains. For the marked increase in non-cognizable crime, which represents voluntary litigation, no explanation has been offered by the local officers. It might have been anticipated, as Mr. Henry remarks, that in a year of general distress less money would have been spent in seeking redress for petty wrongs.

22. The incidence of total crime, both cognizable and non-cognizable, according to Divisions, will be seen from this statement :—

It appears from these figures that, in cognizable offences, Burdwan is the most criminal of the Divisions, while Orissa stands much below any other Division.

The increase in cases reported during the past year explains the rise in the number of cases declared false. Mr. Henry rightly remarks that our rules impose an unfair task upon the Magistrate dealing with Police reports, for he is required on the information before him to decide that a case is true or is false, although many of them are necessarily doubtful. The only remedy, however, would be to order an enquiry by the Magistrates into doubtful cases, and this

would involve an increase of work for which no corresponding advantage would be obtained. The number of cases excluded from the returns as false is exceedingly high in Mymensingh (1,625), and high in Backergunge (524), and Nadia (525). It is not clear why the figures should be so much higher in these districts than elsewhere, and the attention of the Commissioners and Magistrates will be drawn to the matter.

The increase in the number of false cases in which successful prosecutions were instituted and convictions obtained is satisfactory, the figures being 221 and 195 respectively. The Lieutenant-Governor agrees with Mr. Henry that, even when these prosecutions fail in Court, they do some good, as they serve to emphasize the fact that the making of a false charge involves the risk of a prosecution.

In successful prosecutions Jessore has again shown good results, while Hooghly, Khulna, Rangpur, Murshidabad, Puri and Balasore have all done badly. In Mymensingh out of 471 false cases there were only 27 prosecutions, and only three of these cases resulted in conviction. These figures are most unsatisfactory.

24. *Abstention from enquiry by the Police in burglary and theft cases.*—The tendency of the Police to abuse the powers given to them under section 157, Criminal Procedure Code, has been further checked in the past year, and the orders contained in last year's Resolution on this subject appear to have received attention. The number of enquiries refused in house-breaking cases, however, still seems high, the statistics showing that 37,272 cases were reported, and 19·5 were not enquired into. The number of theft cases reported was 33,227, and the percentage not enquired into was 13·9 as compared with 30,185 and 15·1 in 1895. The following remarks made in last year's Resolution are reproduced for the guidance of Magistrates and District Superintendents.

"Mr. Henry himself is of opinion that too much advantage has been taken of the power of refusal in burglary cases, where the offender may ordinarily be presumed to have had some previous experience in crime, or to have the boldness which is likely to harden him into a professional criminal. The Lieutenant-Governor agrees with him that enquiry is advisable in many of these cases even when the chance of success appears very remote. The contention of many experienced officers which he quotes is sound, namely, that, whether the enquiry proves successful or not, the visit of the Police to the spot makes the bad characters realise that the authorities are on the alert, and that they might suffer on a recurrence of crime. It is incumbent on the District Superintendents, therefore, to see that their subordinates do not make it a practice to refuse enquiry in all cases in which success seems hopeless. Especially is it desirable that enquiry should take place when the recurrence of attempts at burglary or reported thefts shows that bad characters are active in any particular locality."

The highest proportion of convictions is again shown by Howrah, the figure 94·9 being practically the same as last year (94·5). The only other districts showing more than 80 per cent. of convictions are Darjeeling (89·2), Gaya (82·4) and Singhbhum (80·4). Noakhali (52·9) and Lohardaga (53·6) again stand last, as in 1895. The attention of District Magistrates is recalled to the remarks made in the last Resolution, that it is their duty, while abstaining

from any interference with the judicial independence of the staff in individual cases, to exercise a close supervision over, and control and direct the work of their subordinate Magistrates of all grades, pointing out mistakes in procedure, flaws in judicial enquiries, and inefficiency in dealing with crime of every description.

The results of trials before the Sessions Courts during the year show that 69·4 per cent. of cases tried ended in conviction, and that 58·2 per cent. of persons tried were convicted, as compared with 66·3 and 55·6 per cent. respectively in 1895. These figures show a slight improvement and are so far satisfactory. The results are good in Patna, Bhagalpur and Darbhanga, but bad in Pabna, Tippera, Shahabad, Monghyr, Burdwan and Mymensingh. In Backergunge the percentage of 70·5 is satisfactory.

26. The total value of property stolen during the year is returned at Rs. 17,20,005, as compared with Rs. 14,58,618 in 1895; and the percentage recovered was 17·2, the same as in the previous year. This percentage is still very low. The statistics, however, are not reliable, as correct information is often not furnished by the Police or by the complainants themselves.

There has been an increase in all classes except class IV, which includes only a few minor offences against the person.

28. CLASS I.—*Offences against the State and public tranquillity.*—Offences under this class show a net increase of 135. There was a slight decrease of 16 in the number of occurrences relating to coins, stamps, &c., the total number being 116. Excluding the cases of passing quicksilvered pice, the Police had to deal with 31 true coining cases, of which they sent up 30, with favourable results, convictions having been obtained in 11 cases before the Magistrates and 9 cases before the Sessions Courts. False coining still prevails in the districts of the Dacca Division, but apparently not on an extensive scale. Enquiries made regarding a considerable number of spurious coins found in Orissa treasuries proved that they had been imported by professional coiners from Bijapur in the Bombay Presidency. Several of these men were successfully prosecuted.

Under rioting the number of true cases rose from 2,229 in 1895 to 2,363. The majority of these cases were not serious, but, as observed by the Inspector-General, it is discreditable that rioting should have been more prevalent in 1896 than it was ten years ago, and that our returns should show three times as many cases as those of the North-Western Provinces. The difficulty of securing the conviction of principals for whose benefit riots are committed, the rulings of the Courts requiring strict proof of a common object actuating the rioters and separate trials when two batches of contending rioters are prosecuted, and the improper admission of the plea of self-defence are mentioned as obstacles in the way of effectively dealing with this crime. Disputes regarding land are a very frequent cause of riots in many districts. The large floating population of operatives employed in the Jute and Cotton Mills in Howrah, Hooghly and the 24-Parganas, who have shown themselves easily excited and ready to break out of control under evil advice, is a source of trouble and danger. The question of revising the police establishment in the neighbourhood of Calcutta has accordingly been taken up, and is under the consideration of a Committee. The Dacca Division again shows very high figures under this head, the number of true cases (583) being 37 more than last year. The following districts in Eastern Bengal, in which agrarian disputes resulting in violence have long been most prevalent, had the largest number of cases attended with loss of life: Jessore (7), Khulna (12), Faridpur (13). The number of cases in Backergunge shows a satisfactory decrease from 156 to 123. On the other hand, there has been a recrudescence

of this crime in Mymensingh, where the number of true cases has risen from 95 to 186. The binding down in 1895 of 4,196 persons concerned in agrarian disputes in that district had, as is usually the case, only a temporary effect in the reduction of rioting.

29. CLASS II.—*Serious offences against the person.*—Under this class there has been an increase of 271 cases. Increases of 131, 83 and 64 respectively are shown under the heads "Grievous hurt," "Hurt by dangerous weapon," and "Criminal force to public servants." The number of persons sent for trial was 7,655, of whom 1,273 appeared before the Sessions. The percentages of convictions has improved, being 52·3 against 50·8 of last year. The number of true cases of murder rose from 362 in 1894 and 389 in 1895 to 421 in 1896. Altogether 238 cases were detected and brought to trial. In 36 cases the accused were discharged by Magistrates, while 176 cases were committed to the Sessions, 65 of which resulted in acquittals and 80 in convictions. Appeals were made to the High Court in 55 cases, and the orders were modified in 12 and set aside in 3 cases. The death sentence was actually passed on 21 persons. The serious prevalence of homicidal crime, especially of murder by gunshot, in Backergunge, has been noticed in previous years. In October 1895 four special Inspectors were added to the district staff, but it was found necessary last year to take further measures of a stringent character, and a copy of the orders issued by Sir Alexander Mackenzie was appended to the Resolution on the Inspector-General's last annual report. The chief of these measures was the withdrawal of all licenses for guns and ammunition, as the only effective means of suppressing the use of fire-arms for taking life. The success so far attained by the action in the past two years has been sufficiently marked to justify the hope that the reign of terror under which the people of the district have been living for so many years is coming to an end. The enquiries of the special Inspectors have led to the incarceration of a considerable number of dangerous characters who were suspected or known to be hired assassins, and to the conviction of several perpetrators of gunshot murders. The good results of the work of these officers and of the disarmament of the district are evidenced by a reduction of the number of murders from 76 in 1895 to 55 in the past year. The withdrawal of the gun licenses took effect in September 1896. During the eight months up to April 1887 there were 23 murders, of which three were by gunshot, and seven attempts at murder, of which five were by gunshot, two of the latter being, however, doubtful. The figures for the corresponding periods of 1894-95 and 1895-96 show, for the former, 64 murders and 12 attempts, of which 14 and 8 respectively were by gunshot, and, for the latter, 45 murders and 15 attempts, of which 14 and 11 respectively were by gunshot. The excellent service done by Mr. Beatson-Bell, the District Magistrate, and Mr. Ryland, the District Superintendent, in carrying out the special measures has already been acknowledged by the Government.

There were 13 true cases of professional drugging as against 21 in the previous year. Out of eight sent up for trial, only three ended in conviction. One notorious poisoner was sentenced to transportation for life. The Inspector-General also mentions an important case from Monghyr, in which a man poisoned seven persons to obtain Rs. 6,000 worth of property. The accused was sentenced to eight years' imprisonment under section 328, Indian Penal Code.

30. CLASS III.—*Serious offences against property.*—Under this class there was a decrease of 524 cases in 1895; but a very considerable increase of 5,194 cases, mostly under the heads "Burglary" and "Mischief by killing," &c., occurred in 1896. The increase in burglaries is 5,043. There were 331 true dacoities (including three cases under sections 399 and 400) against 255 in the previous year. This crime is steadily increasing, the number of occurrences in the past year being the highest on record. The percentage of cases and persons convicted to cases and persons tried shows a falling off, the figures being 53·6 and 46·1, respectively, as against 65·6 and 52·3 in 1895. The most serious cases took place in Burdwan, Manbhum and the Sonthal Parganas, a peculiar feature being the use of dynamite cartridges by the dacoits in some cases, which has necessitated a modification of the rules regarding the possession of dynamite without a license. The districts from which most true dacoities were reported are Burdwan (24),

Midnapore (15), Birbhum (14), Mymensingh (15), and Gaya (19). Mr. Henry considers that the alarming increase in this serious crime cannot fairly be attributed to the general scarcity, which only became pronounced towards the close of the year. The improvement in communications, which facilitates the movements of bodies of criminals or of parties in search of labour containing criminals, and leniency in the punishment of convicted dacoits possibly account partly for the increase of this crime, as surmised by him; but it is evident that increased vigilance and exertion on the part of the police are greatly needed. A special force for dealing with the dacoities in Western Bengal has already been sanctioned, and sustained efforts must be made in all districts to detect and break up the gangs by which many of these offences are committed. The total number of robbery cases was 283, against 238 in 1895 and 225 in 1894. There has been a steady and unsatisfactory increase in this crime also during the past six years.

Arson cases were most frequent in Chittagong (54) and Noakhali (26). In the former district the increase of arson is a very serious feature, as it is stated that a very large number of cases are never reported owing to fear of vengeance being taken upon the informants. Mr. Henry correctly points out the difficulty of dealing with this offence:—

“The standard of proof required by the Courts is one that it is almost impossible to work up to. Incendiaries select dark nights for their operations, and take special precautions to prevent their identity being made clear. The police consequently have to rely mainly upon circumstantial evidence, which is not deemed by the Courts sufficiently conclusive.”

31. CLASS IV.—*Minor offences against the person.*—There is a not decrease of 116 in this class of offences, chiefly shown in the Rajshahi, Dacca, Chittagong, Bhagalpur and Chota Nagpur Divisions. Many of these cases are compromised, and, as these are shown as acquittals under section 345 of the Criminal Procedure Code, the judicial results always appear worse than they are in reality.

32. CLASS V:—*Minor offences against property.*—An increase of 9,531 is shown under this head, chiefly under “Ordinary Theft” (3,103) and “Burglary” (5,043). The increase is generally attributed to the failure of the crops and the consequent impoverishment of the lower classes. About 83 per cent. of reported cases of theft were investigated, and of these about one-third were prosecuted to conviction. In 14,111 out of 35,699 cases of house-breaking it was reported that no property had been stolen. The Inspector-General rightly doubts the correctness of these statistics. As usual, by far the largest number of burglaries occurred in the Patna Division, which shows 9,673 cases as against 9,427 in 1895. This is mainly accounted for by the density of the population and the poverty of the lower orders, as well as by the existence in the Division of notorious criminal classes, such as the Maghaya Domes, the Saran Domes and the Ahirs of Shahabad. The Inspector-General has furnished in two statements some interesting details regarding burglaries and thefts. It appears from the returns received, which are not, however, accepted as quite trustworthy, that, while property was stolen in 60 per cent. of the cases reported, the value was below Rs. 5 in 23 per cent. As to the methods adopted for entering the houses, it is shown that burglaries are most frequently committed by cutting through the walls, next by burrowing under the walls, and, lastly, by forcing a closed door. In 60 per cent. of the theft cases, the property taken was below Rs. 5 in value, and in nearly one-third of the occurrences vegetable products were the subject of theft. These particulars indicate that in a large proportion of cases the offenders were not professional thieves.

33. CLASS VI.—*All other cases.*—The total number of true cases was 45,231, as compared with 44,743 in 1895. The number of bad-livelihood cases was 4,200, against 3,289 in 1895 and 2,806 in 1894; and the percentage of cases in which security for good behaviour was demanded was the highest on record. The institutions were very few in Burdwan (46), Hooghly (17), Khulna (54), Rajshahi (24), Dinajpur (34), Pabna (27) and Bogra (37); and the Inspector-General draws attention to the fact that crime has been notoriously prevalent in these districts, where preventive measures against the criminal classes have been neglected. The Lieutenant-Governor observes that the proportion

of cases enquired into in the villages of the accused is again small in many districts. The neglect to hear the cases locally is especially marked and inexcusable in most districts of Bihar, where the means of communication are good at all times of the year. His Honour desires that local trials should be the rule, wherever and whenever they are practicable. The results of the trials cannot fail to be more satisfactory, as better and more reliable evidence would be obtainable, on the spot than at head-quarters, needless harassment of witnesses, resulting from their attendance at distant places to give their evidence, would be obviated, and a good effect would be produced on the bad characters of the localities visited.

The number of registered surveillés at the close of the year was 43,810 against 42,080 in 1895.

34. *Railway Police*.—The number of cognizable and non-cognizable cases reported during the year was 3,813, against 3,575 in the preceding year. Of 2,527 persons sent up for trial, 2,190 were convicted, the percentage being 86·6 against 87·7 in 1895. In cognizable cases 85·6 per cent. of persons tried were convicted, a result which reflects credit on the working of the Railway Police. There were 626 accidents with 216 deaths, as compared with 388 with 214 deaths in 1895. Eighteen cases of obstruction occurred in which railway material was used, and 14 cases in which stones were placed on the line. Convictions were obtained in 10 cases. No less than 7 cases occurred on the newly-opened Assam-Bengal Railway.

35. *Working of the Arms Act*.—Under this Act 2,172 cases were decided and convictions were obtained in 2,089. The largest number of prosecutions occurred in the Presidency and Rajshahi Divisions, and there was a marked increase in Midnapore, Hooghly and the 24-Parganas. Licensees appear to have availed themselves to a considerable extent in some districts of the facility accorded of renewing their licenses through the agency of the police and the Subdivisional Officers. The orders for the marking of guns must be strictly enforced in all districts, all guns which have not been marked being called in for this purpose on the renewal of the licenses at the end of the year. While, again, licensees should not be treated with undue severity for unintentional omission to apply for renewal of their licenses on expiry, punctuality in the filing of such applications must be insisted on, and where applications are not received the cause should be ascertained. The record of licenses and of guns in each district must be maintained with the fullest accuracy attainable.

36. *Non-cognizable crime*.—The total non-cognizable crime under the several classes for the year 1896 is compared with that of the previous year in the following table :—

|              |     | Number of cases. |         | Increase. | Decrease. |
|--------------|-----|------------------|---------|-----------|-----------|
|              |     | 1895.            | 1896.   |           |           |

| " III        | ... | 882              | 849     | .....     | 33        |
| " IV         | ... | 59,361           | 63,164  | 3,803     | .....     |
| " V          | ... | 10,369           | 11,497  | 1,128     | .....     |
| " VI         | ... | 14,312           | 13,879  | .....     | 433       |
| Special Laws | ... | 31,068           | 30,332  | .....     | 736       |
| Total        | ... | 126,685          | 129,439 | 4,958     | 1,204     |
| Net increase | ... | .....            | .....   | 3,754     |           |

There has been a net increase of 3,754 cases, chiefly under Class IV (3,803) and Class V (1,128), while a decrease of 736 cases appears under "Special Laws." The greatest increase is under "Criminal Force" (3,130). The percentage of cases in which the police were employed is 4·8 against 4·2 in 1895. The worst results are shown in Midnapore, where 2,224 persons were acquitted to 1,560 convicted. The Chota Nagpur and Orissa Divisions show improvement, but the results in the Patna Division are poor. The large number of acquittals in non-cognizable cases is, no doubt, partly due to compromises made after the parties have appeared in Court, and this possibly accounts for the large proportion of acquittals in Bihar, where compromises are frequent in petty cases of assault and criminal trespass. Many of the acquittals are, however, attributable

to neglect to examine the complainants carefully before the issue of process, and a considerable excess of acquittals over convictions is very generally evidence of such neglect on the part of the Magistrate. It should be borne in mind by Magistrates that the issue of processes in petty cases without due consideration often causes harassment to innocent persons, which it is the duty of the Courts to avoid to the fullest extent possible.

37. *Remands.*—The following table shows the percentage of remands in police cases sent up for trial during the past three years:—

| YEAR. | Percentage of cases disposed at the first hearing. | Percentage of cases remanded once. | Percentage of cases remanded twice. | Percentage of cases remanded thrice. | Percentage of cases remanded four times. | Percentage of cases remanded five times. | Percentage of cases remanded six times. | Percentage of cases remanded more than six times. | Pending. |

| 1895  | 34·8                                               | 22·4                               | 15·1                                | 9·9                                  | 6·0                                      | 3·5                                      | 2·2                                     | 3·0                                               | 2·7      |
| 1896  | 32·1                                               | 22·7                               | 15·3                                | 10·5                                 | 6·6                                      | 3·7                                      | 2·2                                     | 3·2                                               | 3·4      |

The percentage of A forms disposed of at the first hearing is lower than in 1895 and 1894. The percentages of police cases remanded once, twice and thrice are all too high, and the percentage of cases remanded more than six times (3·2) is higher than in 1894 and 1895. From other returns the Inspector-General finds that the average detention of accused persons in Magistrates' Courts was 14 days—a period exceeding the average for the past four years. The larger number of cases dealt with during the year threw more work on the Courts, but the Lieutenant-Governor has no doubt that many Magistrates procrastinate, and are far too ready to find excuses for postponing cases. The worst returns as regards police cases decided at the first two hearings are from Rangpur (38·2), Bogra (30·4), Pabna (42·4), Mymensingh (39·3), Faridpur (37·9), Monghyr (38·3) and Lohardaga (30·0). Of these districts, Rangpur, Monghyr, and Lohardaga were unfavourably mentioned last year. Lohardaga is the worst district in the whole Province in this matter, and the percentage there has fallen from 39·6 in 1895 to 30·0 in 1896, in spite of the attention drawn to it in last year's Resolution. On the other hand, Backergunge and Shahabad, two other districts unfavourably mentioned in last year's report, show very considerable improvement. The frequency of remands in police cases reflects on District Magistrates, who are expected to make periodical inspections of the registers of the subordinate Magistrates and pass orders to prevent the undue postponement of cases.

38. *Reconviction of old offenders*—The production of proof of previous convictions against old offenders under trial is an important duty of the police, and the report shows that it is being discharged with greater efficiency. Both the jail and the departmental returns give for the past year a higher percentage of previous convictions proved on the total number of persons convicted than in any previous year. This result has been contributed to by the anthropometrical system of identification, which will now be gradually replaced by the system of finger impressions.

39. *Anthropometry.*—During 1896 the Central Office was able to identify and furnish the criminal history of 334 ex-convicts whom the local police had failed to identify, 27 of the cases being from Assam, 1 from Burma, 1 from the North-Western Provinces and 69 from the Calcutta Police. In Bengal districts, of 2,101 persons who were unidentified on arrest, the local police, after sustained enquiry, recognised 1,270. Of the remaining 831, the Central Office identified 252, or 28 per cent. If impossible cases are excluded, the percentage identified was 42·3. The similar percentages for 1894 and

1895 were 27 and 31·6, respectively. With regard to the system of identification by finger impressions, Mr. Henry observes:—

“The considerable advantages which identification by finger impressions would possess over anthropometry in respect of saving time and money, of greater certainty in recognition owing to the elimination of the error due to the “personal equation,” and of its being better suited for general use in a country where so large a proportion of the constabulary are illiterate, having been recognized, a commencement was made more than two years ago in working out a scheme of classification by which duplicates of the impressions of the ten digits could be rapidly and unerringly traced. The many difficulties met with have been overcome, and a Committee consisting of Major-General Strachan, R.E., Surveyor-General, and Mr. Pedler, F.R.S., have reported to the Government of India that the system of classification adopted answers all possible tests. They are able to add, having seen identification by anthropometry and by finger impressions working side by side, that the new system requires least training and education on the part of operators, is the cheapest, most rapidly worked and most effective that has yet been devised, and must in time supersede all others.”

The system of classification which has been so favourably reported on by the Committee was perfected by Mr. Henry himself, and the Lieutenant-Governor recognizes the great attention which he has given for several years to the important subject of the identification of criminals.

40. *Character of officers.*—The Inspector-General again notices the excellent services of Messrs. Giles, Pratt and Masters, Deputy Inspectors-General, and of Mr. Showers, his Personal Assistant. The names of the District Superintendents, Assistant Superintendents and Inspectors favourably mentioned in paragraph 43 of the report will be noted in the Appointment Department. Mr. Henry himself has for years administered the department with great efficiency, and the thanks of Government are again due to him.

ORDER.—Ordered that copies of this Resolution be forwarded to the Inspector-General of Police, the Commissioner of Police, Calcutta, and to all Commissioners of Divisions for information.

Ordered also that the Resolution be published in the *Calcutta Gazette*.

### **READ—**

The Report of the Board of Revenue on the financial results of the Administration of the Income-tax for the year 1896-97.

No change of any importance was effected during the year in the administration of the Income-tax Act.

The net revenue shows an increase of 5.8 per cent. against an increase of 2.08 per cent. in the previous year. The gross receipts, including advance payments and excess collections, and making allowance for various adjustments, amounted to Rs. 49,15,713, of which Rs. 47,77,144 represent the receipts on account of the current demand for the year.

3. There was a decrease in the final demand in the districts of Dacca, Darbhanga, the 24-Parganas, Muzaffarpur, Burdwan, Chittagong, Rangpur, Khulna, Gaya, Lohardaga, the Sonthal Parganas, Cuttack, Malda, Noakhali, Monghyr and Bogra. Various causes are assigned, but in no district does the percentage of decrease exceed 3, except in Dacca and Darbhanga, which show a decline of 17.6 and 5.4 per cent., respectively. The decrease in Dacca is attributed to the failure of the jute crop and the depression in trade due to the famine, but the Lieutenant-Governor is not satisfied that these causes can have operated so much more in this district than elsewhere. In Darbhanga the falling off is ascribed to the large remissions granted in consequence of losses in the grain trade. Enhanced assessments and the discovery of new assesses produced an increase in all districts other than those named above. In Singbhum the increase was large, but is only temporary, being due to the assessment of contractors and other persons working on the Sini-Midnapore Railway. Special causes also account for the rise in Darjeeling and Backergunge.

4. *Demand, Collections and Balances.*—The following statement shows the original demand, the revised demand, and the percentage of collections from assesses, exclusive of Government servants:—

| Year.          | Original number of assesses. | Revised number of assesses. | Original demand. | Final demand after revision. | Amount of final demand collected. | Percentage of final demand collected. |
|----------------|------------------------------|-----------------------------|------------------|------------------------------|-----------------------------------|---------------------------------------|
| 1              | 2                            | 3                           | 4                | 5                            | 6                                 | 7                                     |
| 1895-96 ... .. | 110,584                      | 108,901                     | Rs.<br>42,28,980 | Rs.<br>41,82,282             | Rs.<br>40,02,151                  | 96.9                                  |
| 1896-97 ... .. | 112,901                      | 111,190                     | 44,47,478        | 43,52,857                    | 40,24,000                         |                                       |

The outstanding balance at the close of the year, including penalties, &c., compares favourably with the figure for the preceding year, being Rs. 1,42,605 against Rs. 1,64,461 in 1895-96. Of this balance, Rs. 45,852 are reported to be good and under realization, Rs. 74,009 doubtful, and Rs. 22,744 bad and irrecoverable.

5. The percentage of collections on the final demand on account of tax alone was 97·6, as compared with 96·9 in the previous year; while the percentage of collections on the final demand on account of tax, penalties &c., both current and arrear, excluding advance payments and excess collections, was 96·08, against 94·7 in the previous year. These results are satisfactory. The districts of Burdwan, Bankura, Murshidabad, Dacca, Patna and Malda succeeded in collecting the entire demand within the year. In the case of Dacca this result was no doubt due to a great extent to the large reduction in demand, but the other districts did equally well in the previous year. The districts in which the collections on account of current and arrear demand, including tax, penalties, &c., were below 95 per cent., are the following:—

|            |          |           |          |
|------------|----------|-----------|----------|
| Calcutta   | ... 94·9 | Puri      | ... 91·5 |
| Dinajpur   | ... 94   | Singhbhum | ... 85·3 |
| Darbhangha | ... 91·5 | Manbhum   | ... 80·4 |

The Lieutenant-Governor observes with pleasure that the prescribed standard was attained in Muzaffarpur and the 24-Parganas during the year. Singhbhum shows a considerable, and Calcutta and Darbhanga a slight improvement. No explanation is given of the appearance of Puri and Manbhum in the list, and it is hoped that the collections of the current year in these districts will show a better result.

6. *Assessments.*—The number of assessors employed during the year was 49, the same number as in the previous three years. The number of villages (including streets in Calcutta) visited by these assessors was 72,220, against 69,450 in 1895-96. It is explained that in certain districts more attention was given to towns, and consequently the visits made to villages were fewer. Time ought not to be spent in visiting small villages when it can be better employed in making more careful assessment elsewhere; still enquiries should be extended to all villages in which new assesses are likely to be discovered. The Lieutenant-Governor agrees with the opinion of the Board that Income-tax Deputy Collectors should pay more attention to their duty of revising the assessments in towns, in order that the assessors may be left more free to visit as many villages as possible. The Board remark that Income-Tax Deputy Collectors may well be employed on other revenue work, but that they should not be given criminal cases to try. Rules to this effect have already been issued under the orders of Government contained in the Financial Department letter No. 2089S.R., dated the 30th March 1894. The number of persons finally assessed was 111,190, against 108,901 in 1895-96, showing an increase of 2·1 per cent. Calcutta again shows the largest increase (1,268), followed by Midnapur, Mymensingh, Saran, Bhagalpur and Jessore, which show increases ranging from 298 to 117. No district shows a reduction of more than 100, except the 24-Parganas and Purnea, where the decrease was 240 and 128, respectively. The decrease in the 24-Parganas is attributed to insufficient rainfall, which affected the paddy and sugarcane cultivation and the fisheries in the Salt Water Lakes, while in Purnea depression of trade is assigned as the cause of the falling off.

7. *Objections.*—The statistics of objections to assessments are shown in the following table:—

| YEAR.       | Number originally assessed, excluding Government servants. | Number of objections. | Percentage of objections. | Number of successful objections. | Percentage of successful to total number of objections, column 5 to column 3. |
|-------------|------------------------------------------------------------|-----------------------|---------------------------|----------------------------------|-------------------------------------------------------------------------------|
| 1           | 2                                                          | 3                     | 4                         | 5                                | 6                                                                             |
| 1895-96 ... | 110,584                                                    | 10,797                | 9·8                       | 3,362                            | 31·1                                                                          |
| 1896-97 ... | 112,901                                                    | 10,493                | 9·3                       | 3,413                            | 32·5                                                                          |

The percentage of objections to assessments was highest in Puri (26), Gaya, where the percentage was 36·9 in 1895, coming second with 25·6. Successful objections exceeded 40 per cent. in the 24 Parganas (53·4), Calcutta (52·06), Chittagong (49·8), Rangpur (48·5), Purnea (43·7), and Malda (41·4). These figures are considerably worse than those of the preceding year. Special reasons are given for special districts, but the chief cause assigned is the straitened condition of assesses, owing to failure of crops or loss in trade. There is evidently still much room for improvement both in making and in revising the assessments.

8. *Incidence of the tax.*—The average incidence of the tax in the whole Province (excluding the tax on the interest on Government securities and the salaries of Government officials) was Re. 1 to every 16·3 persons, against an average of Re. 1 to every 17·2, persons in the preceding year. Outside Calcutta, the average incidence was Re. 1 to 33·2 inhabitants. Darjeeling continues to show the highest mufassal average, Re. 1 to every 4 persons; while the incidence was lowest in Cuttack, Re. 1 to 85 persons. In Calcutta the average incidence was Re. 1 to every 4 persons, and 1 person in every 37 was assessed to the tax. The proportion of persons assessed for the whole of Bengal was 1 to 640, against 1 to 653 in the previous year.

9. The following statement illustrates for the year under review and for previous years the distribution of the income-tax and of the other direct taxes which preceded it, as between Calcutta and the rest of the Province:—

\* Figures not available.

† Exclusive of the tax on salaries, &c., recovered by the Accountant-General and the tax on the interest of Government securities.

The figures show that, out of the total collections, a little more than one-half (50·8 per cent.) is contributed by Calcutta alone, and that both in Calcutta and in the mufassal there is a steady increase in the amount of tax collected.

10. *Coercive measures.*—The following table compares for the last three years the coercive measures which had to be taken for the realization of the tax:—

The number of distress warrants issued was smaller than in the previous year, but the cases in which property was sold rose from 317 in 1895-96 to 337 in the year under review. The proportion of warrants issued on the number of persons assessed was above 10 per cent. in the districts of Darbhanga (13·3), Singbhum (11·9) and Jessore (11·5). These figures show an improvement on the results of the previous year, when seven districts showed high percentages, and five of them returned a percentage of over 13. As in the two preceding years, sales of distrained property were most numerous in Jessore, Gaya and Rangpur. In twelve districts, including Calcutta, no such sales were found necessary. In Calcutta, however, the number of distress warrants issued increased from 684 to 850, which is reported to be due to wilful neglect on the part of assesses to pay on receipt of the demand notices.

11. The amount of tax collected under section 9 (2) of the Income-tax Act, which permits managers of companies or other employers of labour to undertake the collection of the tax from their employes on receipt of a commission from the Government, was Rs. 2,87,934 against Rs. 2,74,233 in the preceding year; and the number of companies, &c., who undertook to collect the tax also rose from 318 to 320. Five of these, however, failed to carry out the collection, and the tax had to be realized by the district officers. The Collector of Income-tax, Calcutta, succeeded during the year in inducing several of the local firms to collect the tax on behalf of Government. The system is not calculated to work with any great advantage, unless the number of employes is large, in which case the commission allowed is remunerative to the employer, and repays Government by the amount of relief afforded to the collecting establishment.

12. *Expenditure.*—The expenditure incurred in the working of the tax fell from Rs. 1,81,774 in 1895-96 to Rs. 1,79,599. In view of the larger collections, this decrease is very satisfactory.

13. *General remarks.*—The system of payment of income-tax by money-order continues, it is said, to become more popular. The Lieutenant-Governor will be glad to have the Board's final views on the proposal to print the income-tax coupon on the money-order form itself, instead of affixing it, as now, to the form, a practice which is reported to cause inconvenience and hardship to the assesses. The proposal to open a sub-treasury in the office of the Collector of Income tax, Calcutta, should be submitted separately. A few cases of embezzlement of a trifling character were discovered during the year. Three persons were convicted of personating assessors and illegally collecting the tax. Public feeling in regard to the tax remains the same, though it finds less expression, as the people are beginning to realise more generally that the tax cannot be avoided.

14. The names of the Deputy Collectors specially reported by the Board as having done good service will be communicated to the Appointment Department.

15. The thanks of the Government are due to the Board for their administration of this Department during the year under review.

# FAMINE RELIEF IN BENGAL.

No. 1730 Fam.—The 31st August 1897.—The following papers are published for general information.

M. FINUCANE,

Secretary to the Government of Bengal.

No. 1626 (Fam.), dated Calcutta, the 20th August 1897.

From—M. FINUCANE, Esq., Secretary to the Govt. of Bengal, Revenue Dept.,  
To—The Secretary to the Government of India, Revenue and Agricultural Dept.

IN continuation of this Government's letter No 1449 Fam., dated the 22nd July 1897, I am directed to submit, under section 29 of the Bengal Famine Code, the following report on relief operations in this Province. Except in the case of the Bhagalpur Division, for which information has been furnished by the local officers only up to the 24th July, this report deals with the five weeks ending on the 31st July 1897, and has been delayed because the reports of the Commissioners of the Patna and Presidency Divisions

were not received until the 13th and 16th August, respectively. A Statement of Rainfall and the usual Famine Statements A and B are hereto appended, and I am to submit herewith, as usual, copies of the two half-monthly reports\* of the Commissioner of the Patna Division for the period above mentioned. I am also to enclose famine maps of the districts noted on the margin. No map is submitted for the

Patna Division, as there was no change in the areas affected.

2. *Patna Division. Prospects of crops, prices, &c.*—The condition of the district of Patna continued good, except for a slight rise in prices. The Commissioner expects a full average *bhadoi* harvest, although some of the crops sown have been damaged by floods. Gaya remained the most prosperous district in the Division. The *bhadoi* crops, which are three weeks earlier than usual, were doing well, and the transplantation of winter rice was going on rapidly.

3. In some of the remaining five districts, dealt with in this and the following paragraphs, anxiety was felt during the first two weeks of the period, in consequence of a break in the rains. The heavy fall of the 23rd to 25th June was followed by dry, close, oppressive weather, with a curious haze and a high temperature, and in some districts, a west wind, and the result was that the *bhadoi* crops, which had come up well, began to wither, and the transplanting of winter rice was impossible. The succeeding three weeks brought plentiful rain throughout the Division, and completely removed the apprehensions previously felt. The rain was broken by intervals of sunshine and has been followed by a period of fine weather; these conditions were what the crops required, and prospects are now reported to be excellent, except in certain flooded tracts of Saran, in the Hajipur Subdivision of the district of Muzaffarpur, and in the Samastipur Subdivision of Darbhanga. Writing on the 11th August 1897, Mr. Bourdillon says that, with the exception of these tracts and of some parts of the Sitamarhi Subdivision of Muzaffarpur and the Madhubani Subdivision of Darbhanga, where the crops suffered from the drought, the *bhadoi* bids fair everywhere to yield a bumper crop, while the transplanting of winter rice is progressing most

satisfactorily. The outlook, he writes, could hardly be better than it is. There was, however, a slight rise in prices generally. The last fortnight of July and the first fortnight of August are usually the period of the greatest dearness of food-grains. It is hoped that prices will fall as soon as the new *bhadoi* harvest comes into the market. Imports fell off considerably during the

first half of the month, after the heavy rain which fell in the last week of June; but during the three weeks ending 31st July, they increased\* largely. The only district in which the exports exceeded the imports is Shahabad. Food-stocks were sufficient everywhere.

4. *Area and population affected and numbers on relief.*—As stated in paragraph 1 above, there was no change in the area and population affected. The following table shows the numbers and percentages of population on relief from the first-half of April:—

The numbers given in this table are as shown in the weekly telegraphic reports published in the *Calcutta Gazette* corrected up to date. The percentages rose in Shahabad and Saran. In the former district, relief works having been closed in the last week of July, the numbers above shown for the 31st July were all on gratuitous relief. The Commissioner is satisfied that relief was given to none but those who deserved it under the provisions of the Code. He wrote in paragraph 19 of his report for the first half of July:—“He (Mr. Windsor, Collector of Shahabad) thoroughly assimilated the principles of the Code on these matters, and is carrying them out. I am satisfied that he and his Circle Officers will allow no one to receive gratuitous relief who is fit to work either on relief works or in the fields.” The rise in Saran was due to severe distress caused by the floods in the inundated tracts.

The total number of works open at the end of June was 424. Large reductions were made in all districts except in Saran, where works had to be opened for the relief of distress in or near the flooded tracts.

The numbers\* (men, women and children taken together) on the relief works on the last day of the month are shown below in comparison with the corresponding numbers on the 26th June.

The cause of the increase in Saran has already been stated. In Muzaffarpur the numbers had gone down, but they rose again in the last week of July. The increase was most marked in Hajipur and Sitamarhi, and is stated to have been due to the partial absence of rain during the last week of July, when the fall was 4.57 inches at Muzaffarpur, but only 1.55 at Hajipur and 1.60 at Sitamarhi. The result was that the weeding of the *bhadoi* being over and not enough rain having fallen for the transplanting of winter rice, many labourers came back to the works for employment.

\* These are for the week ending 24th July. Figures for the last week of July have not been furnished.

No figures have been given for Shahabad in the table above, because in the latter half of July the relief works in this district were being wound up and were ultimately closed. The increase in the outturn of work was generally due to the rain having made the earth soft.

The instruction given in the foot-note to Form 7 at page 62 of the Bengal Famine Code for calculating the cost rate per 1,000 cubic feet is to multiply the total amount paid for the week as shown in column 19 of Famine Statement D (Form 5), and then divide the result by the total quantity of work done during the week as shown in column 18 of the same statement. With a view to checking the reported weekly figures, the Commissioner was asked to report whether the total earth excavated in all or any of the completed tanks or roads had been measured up and distributed over the total expenditure on such tanks or roads.

As regards Shahabad, Mr. Bourdillon reports in a separate letter as follows:—

*Shahabad.*—"The rate per 1,000 cubic feet in this district has been calculated on the wages of task workers only. The District Engineer of Shahabad reports that all the totals have not yet been checked, but the quantities have been frequently checked by him, the Subdivisional Officer and Charge Superintendents. The District Engineer has also instituted a further check by taking the chainage up to a certain date and checking it with the estimates which have been regularly prepared for each work as if it were an ordinary work of the District Board. In nearly every instance the amounts actually measured and paid for by the officers in charge are below the estimates by about the quantity which will be required for final dressing (the work is only rough dressed at present), and it therefore appears that the measurements have been honestly and carefully done. This, the Magistrate says, is borne out by the fact that the check measurements made by the different inspecting officers correspond with reasonable accuracy with measurements shown in the books except in one instance on the Jahanabad-Mullipur road, where the measurements were found to be faulty. It will be remembered that Mr. Toogood checked a number of measurements in the Bhabhua subdivision and found them remarkably correct."

In Saran the Code procedure as described above has been followed, and it is stated that the measurements of the work completed are now in progress. The same procedure has been followed in the remaining districts, with regard to which the Commissioner writes:—

*Champaran.*—"The tanks that were undertaken as relief works are only now being completed. Their deepening down to lowest water-level was postponed until the latter part of May and in June, before the rains began, and since the rains began the slopes have been undertaken. Consequently, the final measurements have not yet been taken. In one tank, however, which was deepened as far as it was possible to do so, final measurements have been made and reported to the Collector, and they amount to just 80 per cent. of the quantity shown in the returns. Mr. Macpherson argues that as fines are graduated according to deficiencies of  $12\frac{1}{2}$  per cent. in the task set, the work actually done as finally measured was 84 per cent. of what would earn the full wage, but the actual payments amounted to only 90 per cent. of the full wage: consequently the overpayment due to lax measurement was only 7.1 per cent. On the great bulk of the civil works no qualified sub-overseers were available, and the measurements have been made by an untrained staff. The above work, the Collector says, may be regarded as fairly representative of the average; at any rate, it need not be accepted as a specially favourable specimen of relief works."

*Muzaffarpur.*—"The measurements made by the sub-overseers have been subjected to constant check by superior officers, and in cases where it has been possible to make a reliable estimate of quantities, such as on the Baghmati canal, the Baya nala cutting, &c., these have been compared, chain by chain, with the standard measurement book in which is noted the estimated quantities. In existing road work where the section varies every few feet, the measurements have been checked as frequently as possible by each inspecting officer by blocks of pits. In Hajipur under civil agency the completed works were measured up, and in most cases found to agree very fairly with the amounts shown to have been done. In most instances there was a small deficiency in this and in the Sitamarhi subdivisions, but not more than was reasonable or than might have been expected under the circumstances."

*Darbhanga.*—"The reported cost rates have been arrived at from the weekly returns of the officers in charge as directed in the foot-note to Form 5, and these latter are supposed to duly test the measurements. This is a point to which the Charge Superintendents have always paid much attention, and the Collector believes that the measurements are now generally fairly accurate all over his district."

The results obtained on works under Public Works Department agency are described as follows:—

*Superintendent, Famine Relief Works, 1st Circle.*—"The rates are ascertained by taking the daily measurements as recorded by the overseer or sub-overseer and dividing them by the amounts paid as wages to relief workers."

"The measurements made by the overseer or sub-overseer are subject to constant check by superior officers. In the Darbhanga Division some of the works were personally measured by Lieutenant Ellis, R.E., and checked by the Executive Engineer. Mr. Long, Executive Engineer, Darbhanga, reports that after measuring pits taken at random on six works, he found that the actual quantities exceeded the recorded measurements by 15 per cent. in one place, were exactly the same in three, and were 98 per cent. and 85 per cent. of the truth in the remaining two. Very similar results are reported from other divisions. Mr. Banerjee reports that the ascertained average in his Division is 95 per cent."

*Superintendent, Relief Works, 2nd Circle.*—"The rates reported by this officer daily to Chief Engineer (extracted from the daily post-cards received) are based on the amount of work done by the 'task workers' only as directed by the foot-note to Form 5. No figures are given by Mr. Toogood for Champaran, but in Saran the check measurements made in ten completed works come to 91.97 per cent. of the recorded measurements, and thus work out very satisfactorily except in the case of the Sadowa channel, where they are 80 per cent. of the quantity shown in the returns."

The Lieutenant-Governor agrees with Mr. Bourdillon in thinking that these reports are eminently satisfactory as showing that the cost rate and average daily outturn reported from time to time approximate as closely to accuracy as it was possible to expect.

6. *Piece-work system.*—The same works as were mentioned in the report for June were open in July, but since the end of the month the work on the Bagmati Canal in Muzaffarpur has been closed, and it is reported that the earthwork on the Sakri-Jainagar Railway in Darbhanga has been practically completed, and will be closed in a few days.

7. *Private relief works.*—Most of the private relief works have been closed. In Saran the Hatwa Raj had nine works open, but the average daily number of male units employed on them in the last week of July was only 543 against 2,015, the corresponding figure for June. In Muzaffarpur the Darbhanga Raj works were closed in the week ending 24th July. In the district of Darbhanga the Raj works employed a total number of 2,780 persons on the 31st July against 6,695 on the 26th June.

The numbers employed on the Moghalsarai-Gaya Railway in Shahabad were as noted on the margin.

8. *Poor-houses and kitchens.*—The number of Government poor-houses and kitchens open in July was as follows:—

| Total       | 27                     | 3,310                            | 144                 | 32,780                    | 36,899                                                           |

The number of poor-houses remained the same as in June, but there was a considerable increase in the number of kitchens in every district except Shahabad. In Saran the number at the end of June was only 2. The Collector reports that he was forced to increase the number of kitchens by the numbers of emaciated children he saw.

9. *Gratuitous relief.*—The following table shows the average daily numbers on gratuitous relief in the last week of July and the amounts of the average daily doles in comparison with the corresponding figures at the end of June:—

| DISTRICT.   | Average daily number in the last week of June. |                                            | Average daily number in the last week of July. |                                            | Average dole per adult unit. |                      |

\* These figures have been reproduced from column 11 of Famine Statement A.

The causes of the increase in numbers in Shahabad and Saran have been indicated in paragraphs 4 and 5 of this report. With regard to Champaran, the Commissioner writes:—

“The numbers on gratuitous relief are falling steadily, and the decrease appears under all heads, except kitchens where there is a rise . . . . . ; (the Collector) is insisting on those physically able to do light work of any kind in the fields being turned off the gratuitous lists, and providing for the children by opening kitchens everywhere, while those who are physically unable to travel to kitchens will still be gratuitously relieved as before. A steady adherence to this policy, which is being introduced in other districts also, is gradually reducing his numbers.”

On the whole, the numbers in receipt of gratuitous relief cannot be expected to decrease largely until the new *bhadoi* crops are in the market (*i.e.*, in the latter half of the present month) and prices begin to fall. The Lieutenant-Governor hopes that all relief works can be closed by the 15th September, and if the rainfall should continue favourable and the prospects of winter rice are assured, that gratuitous relief can be stopped everywhere by the 1st October.

10. *Physical condition of the people, &c.*—The physical condition of the people was generally good, but in Saran and elsewhere, children showed signs of being underfed. Public health was generally good and the condition of cattle normal.

11. *Loans.*—The Commissioner has furnished the following revised figures as regards loans for village works granted according to the modified rules under the Land Improvement Loans Act:—

| DISTRICT.   |     |     |     | Amount advanced up to 31st March 1897. | Amount advanced during the current year. | Total. |

The amounts advanced under the Agriculturists' Loans Act are shown in column 11 of Famine Statement B.

12. *Chota Nagpur Division.*—There was general rain in this Division, though the fall was much below the average; but the prospects of the crops were good everywhere except in Palamau. Here, however, rain has fallen during the first week of August, and prospects have greatly improved. The special feature of the period under report was that prices rose in all districts, especially in Palamau and Lohardaga, where rice was selling at an abnormally high rate. Public health was generally good, but cholera prevailed in Lohardaga, Palamau, and Hazaribagh. No cattle-disease has been reported.

There was no change in the condition of the Palamau district during the period under report; the *bhadoi* crops are reported to have been doing well at the close of it. Their condition has been further improved by the rainfall of the 4th to 7th August shown in the margin. Prices still continued to rise.

The rains have made the roads into Palamau almost impassable, and it is very difficult to obtain transport. What little importation there now is, is mostly by river. During the period ending the 31st July, 1,559 maunds were, however, imported under the bounty system, bringing the total amount so imported to maunds 17,966.\* Only 7,531 maunds out of the 15,500 maunds of Burma

\* Correct figures reported by the Deputy Commissioner.

rice purchased by Government for the payment of wages on relief works, &c., in this district had reached Daltonganj, but every effort was being made to forward the rest as quickly as possible. Government continues to watch the food-supply of the district, and measures will be taken towards supplementing it should necessity arise. It is believed, however, that no special measures for the stimulation of trade other than those already taken will be required.

The number of relief workers did not increase. The average daily numbers of male units on the relief works during the months of June and July were as shown below:—

|                      |     |     |       |
|----------------------|-----|-----|-------|
| Week ending 5th June | ... | ... | 2,681 |
| Ditto 12th "         | ... | ... | 2,486 |
| Ditto 19th "         | ... | ... | 1,972 |
| Ditto 26th "         | ... | ... | 1,641 |
| Ditto 3rd July       | ... | ... | 876   |
| Ditto 10th "         | ... | ... | 1,881 |
| Ditto 17th "         | ... | ... | 767   |
| Ditto 24th "         | ... | ... | 1,021 |
| Ditto 31st "         | ... | ... | 1,168 |

The fluctuations are great, and the Deputy Commissioner explains that the people come and go according as field work is available or not. On the 31st July there were 14 Government works open with 1,591 workers, against 15 works and 1,611 workers on the 26th June. The number in receipt of gratuitous relief on the 31st July was 2,246 against 1,965 at the end of June last. The piece-work system was in force everywhere. The number on private works fell from 3,489 at the end of June to 439 at the end of July.

In Manbhum prices were on the whole fairly steady with a slight tendency to rise. Rice sold at an average of  $7\frac{3}{4}$  seers, *makai* 8 seers, and *mahua* 27 seers the rupee.

There was no want of food-grains. The total imports aggregated 43,278 maunds, against an export of 1,011 maunds during the period under report. The prospects of the crops were very favourable in the middle of the month, but less so at its close owing to a long break in the rains from the 17th to the 29th July. Since then rain has fallen, and the prospects of the standing crops have improved. The transplantation of winter paddy

has been resumed. During the week ending 7th August good rain\* fell, and it is reported that the prospects have improved and transplantation is in progress. If the rains continue favourable, a 13-anna *bhadoi* outturn may be expected for the whole district. On the 31st July there were 49 works open with 9,298 workers, against 33 works and 6,645 workers on the 26th June. The average daily earning per male unit on piece-work was 2 annas 1·8 pies, against 2 annas 5 pies in June. The number of recipients of gratuitous relief increased from 5,917 on the 26th June to 6,399 on the 31st July. The number of kitchens open was 29, at which 2,389 persons, of whom 1,757 were children, were fed during the week ending the 31st ultimo.

The Deputy Commissioner of Hazaribagh, Mr. Herald, expects the *bhadoi* crop to yield an excellent outturn. The prospects of *aman* rice are so far good, but more rain is wanted for transplantation. Imports of food-grains by rail aggregated 18,643 maunds and exports 407 maunds but prices continued to rise. During the week ending 31st July rice sold from  $5\frac{1}{2}$  to 7 seers, and *mahua* 15 to 24 seers the rupee. The number of relief works open was 39 against 36 in June. The daily average number of workers on all works, including ordinary Public Works Department and Municipal works, rose from 1,156 in the week ending 26th June to 1,916 during the week ending 31st July, and the number on the 31st July was 1,376 against 1,253 on the 26th June. The rise is attributed, not to any increasing need for employment, but only to the ordinary requirements of the Public Works Department and Road Cess Committee's works at this time of the year. The Commissioner has been asked to explain why persons employed in ordinary works have been classed as relief-workers. The number on gratuitous relief went down from 5,602 on the 26th June to 3,175 on the 31st July, and the daily attendance at kitchens fell from 5,602 during the week ending 26th June to 3,175 in the week

Hazaribagh.

ending 31st July; while the number relieved by the Charitable Relief Committee during the same period was 468 against 960 in the week ending 26th June.

Distress is reported to have broken out in the district of Lohardaga, and arrangements have been made to give employment on relief works and gratuitous relief in kitchens.

Lohardaga.

The standing crops are reported to be in excellent condition, but prices had been rising continuously for some time. During the week ending 31st July rice was selling at 5 seers and under at 101 out of 188 hâts, the lowest rate at which it sold being between 7 and 8 seers the rupee, and this was obtainable at four markets only. The prices of other food-grains were proportionately high. In view of this rise in prices the Commissioner called a meeting of the principal grain-dealers and ascertained that the difficulty of importing food-grains lay in the great scarcity of transport from Purulia to Ranchi and the consequent high charge for cartage, which had risen from 9 annas to Re. 1-4 per maund. Mr. Forbes therefore recommended that Government should assist the traders by the grant of a bounty on importations similar to that already in force in the Palamanu district, and the Lieutenant-Governor has sanctioned the grant of a subsidy of Re. 1 per maund of rice imported from Purulia to Ranchi up to a limit of Rs. 20,000 for one month only for the present. Twenty-one kitchens have been opened, at which 3,404 persons, of whom 2,082 were children, were being relieved at the end of the month, besides 299 who were in receipt of dry doles. Of these kitchens, 13 were supported from Government funds, and the remaining 8 by the local Charitable Committee. There were 15 relief works open with a daily average attendance of 814 persons; besides 1,293 individuals were daily employed on private works of improvement.

In Singhbhum the price of rice rose in 10 out of 15 hâts to less than 8 seers

Singhbhum.

per rupee; the condition of the crops caused no anxiety. One test work and one kitchen had been

opened, but have now been closed.

13. *Presidency Division.*—Owing to the break in the rains during the period under report, the *aus* rice in the Presidency Division can no longer be expected to yield a full crop; but rain has since fallen, and prospects have improved. The *aus* crop is being harvested, and the condition of the people is said to be improving. The public health was good. The condition of the 24-Parganas gave no cause for anxiety.

In Nadia, the area affected is now reported to be 1,070 square miles with a

Nadia.

population of 562,101 souls. The increase is due not to any fresh area being added, but to corrections

made in previous calculations. Outside this area, test works have been opened in thana Alamdanga; but it is hoped that they will be closed before long. Two test works had been opened in the Chuadanga subdivision, but have been closed as they were not attended by labourers. *Aus* rice is the most important crop in the district and is expected to yield a 10-anna outturn in the north; but for the intermediate period of drought a full crop might have been hoped for. There were 43 works open with 13,335 workers on the 31st July against 29 works and 23,335 workers on the 26th June. The number on the 14th instant was only 4,617. The lists of the recipients of gratuitous relief were and are being thoroughly scrutinized in accordance with the orders issued by the Lieutenant-Governor, and partly for this reason, and partly because of the reaping of the *aus* rice, the number fell from 81,225 on the 26th June to 50,362 on the 31st July 1897. They have further fallen to 35,653 on the 7th August, and 15,998 on the 14th idem, including 778 children fed in kitchens. The Collector has been instructed to open a poor-house at the head-quarters of each charge and a kitchen at each relief centre.

In Khulna the prospects of crops were good, though the break in the

Khulna.

ruins caused some apprehension in the early part of the month. Prices remained stationary, and

Burma rice was being imported as before, local stocks having been exhausted. There were 4 relief works open at the close of the month against 36 at the end of June, all conducted on the piece-work system, at a rate of Re. 1-14 per 1,000 cubic feet for soft soil. The average daily earning of each male unit was 2 annas 2-5 pies during the week ending 31st July. The number of relief

workers decreased. There were 167 workers only on the 31st ultimo against 772 at the end of June last; but the number of recipients of gratuitous relief increased slightly from 7,517 on the 26th June to 7,776 on the 31st July, partly because some people who were being relieved from the Charitable Relief Fund have been transferred to the Government list, and partly because some who had hitherto been supporting themselves could do so no longer. There were four poor-houses open with 68 men, 240 women and 453 children on the last day of the month.

The area and population affected in Murshidabad have slightly increased from 167 square miles and 95,000 to 205 square miles and 120,000 owing to the addition of the Jalangi Circle. The prospects of crops were not as good as might be expected. Between the 28th June and 6th July, and again between the 18th and 30th July, there was no rain, and this caused some apprehension: but the light showers that have fallen since the latter date in most parts of the district have materially improved the prospects of the crops, but no more than a 12-anna *aus* crop can now be expected.

The number of workers on the 31st July was 5,496 against 1,923 on the 26th June, and it is stated by the Collector that the increase commenced when the break in the rains caused apprehension respecting the crops; but it is not unlikely that the increase was due to the high rates allowed, which the Lieutenant-Governor has directed the Commissioner to reduce. Gratuitous relief was granted entirely from the Indian Famine Charitable Relief Fund.

In the last report it was stated that the heavy rain during the latter half of June had submerged the low-land rice everywhere in Jessore, particularly in the Narail subdivision. Since then a long interval of fine weather has enabled the crops swamped by the heavy downpour to recover and afforded further opportunities of sowing. The general condition of the affected area is said to have improved with a promise of a good *bhadoi* crop. Three test works were opened during the period under report: one has been closed since and another has been converted into a relief work; the number employed on the 31st was insignificant, being 226.

Gratuitous relief was given entirely from the Indian Famine Charitable Relief Fund.

14. *Bhagalpur Division*.—Reporting on the 4th August 1897, the Commissioner of the Bhagalpur Division wrote that throughout the Division prospects were as good as possible, and that the early *bhadoi* harvest, which had been sown to an unusually large extent this year, was secure.

In the report for June it was stated that the Collector of Bhagalpur intended to keep three relief works open, but it was soon found that people would not work on them at the Code rates. They were therefore closed as relief works in the first week of July. In North Bhagalpur, which was the worst part of the district, a bumper *marua* crop is expected. The relief given was confined to gratuitous relief, and, as stated in the weekly telegraphic report, the total number in receipt of this form of relief in North Bhagalpur on the 31st July was 6,216. Government relief operations were entirely closed on that date, and this district will no longer be shown as distressed, although relief from the charitable relief funds will have to be continued for some time.

Of the five relief works that were open in June in the Jamtara subdivision, three were closed, and on the remaining two there were only 24 labourers employed on the 24th July. In Deoghur there were 19 relief works which employed 701 workers on that date. The total number in receipt of gratuitous relief in the two subdivisions was 4,553 against 4,733 at the end of June. Mr. Carstairs writes that it will be necessary to continue relief operations until the Indian-corn is ripe here and there possibly by works, and more extensively by gratuitous relief to those unable to work. He hopes to be able to close all operations by the end of August.

15. *Rajshahi Division*.—As is shown in the rainfall statement appended to this letter, the rain held off or fell only in slight showers during the greater

part of July, and this fact caused much anxiety not only in Rajshahi and Pabna, the two districts of this Division in which test works and charitable relief were in progress, but also in Dinajpur and Bogra. In the south of Dinajpur the situation became so serious as to necessitate the opening of test works,

on which 117 persons were employed on the 31st July. But in the last week of the month under report and in the first week of August there was good rain\* in all the four districts mentioned, and prospects improved. Both in Rajshahi and Pabna prices continued high. In the former district the price of rice varied from 6 seers to 7 seers 12 chitaks during the second-half of July, and in Pabna from 6 seers to 8½ seers. In Rajshahi there was only one test work which employed 571 labourers on the

31st July, against 341 at the end of June. This work commands a congested tract near the Ganges, mainly inhabited by persons who have settled there in order to maintain themselves by the silk industry, and this industry is now in a declining state. The Commissioner writes that even in ordinary years there is a want of employment in this tract. Some gratuitous relief was given through the police, the average daily number relieved during the last week of July being 21. In Pabna the millet which has been reaped is reported to be a bumper crop. The *aus* or autumn paddy is said to have been injured by the break in the rains. There were five test works open against four at the end of June. The number of test workers on the 30th June was 1,397. It rose to 2,316 on the 7th July, and then fell gradually to 1,620 on the 15th. The total number of workers on the 31st July was 437, while the number on Government gratuitous relief on the same date was 52.

16. *Burdwan Division.*—Bankura is the only affected district in the Burdwan Division. From about the 26th of June there was a break in the rains, which rendered prospects in that district extremely gloomy. Copious rain again commenced to fall about the 7th July, just in time to save the crops in the ground, which in the north of the district had begun to wither. This was succeeded on the 16th July by another prolonged break which lasted till the end of the month. Since then copious rain has again fallen, and the transplantation of the winter rice is in progress. During the latter half of July thana Raipur and independent outpost Simlapal were added to the affected tracts, and the total distressed area is now 1,053 square miles with a population of 412,842. The added tracts, like the greater part of the affected area in this district, consist to a great extent of jungle and low hills, and are extremely backward in communications, education and in other respects. Last year's winter rice crop was estimated at only 4 annas, and there is practically no importation. Many Sonthal and other labourers have migrated from this to other districts in search of work. In many villages *bhadoi* food-crops other than rice are grown to some extent by Sonthals, and the Collector reports that the ripening of these should begin to relieve the present distress. There were 28 relief works open in or near the affected tracts with 1,420 relief workers on the 31st July, against 17 works with 1,872 workers at the end of June. The average daily number on gratuitous relief in the last week of July was 8,389, or 2.03 per cent. of the total population of the affected tracts. The corresponding number at the end of June was 6,507, which was 2.6 per cent. of the population, 258,000, of the area then affected.

On the night of the 14th July, the highest flood on record took place in the Damodar river, and about 50 villages in thana Sonamukhi were inundated. About 1,400 houses are reported to have been damaged and 1,100 families rendered homeless. Much damage has been done to rich arable lands, which have been covered with a thick deposit of sand. The local officers report that between 4,000 and 5,000 bighas of *aus* (autumn rice) and about 300 bighas of sugarcane have been totally destroyed, and that a large quantity of *aman* (winter rice)

seedlings has been buried under the sand. Fortunately no lives were lost. Advances under the Agriculturists' Loans Act are being given to those who are in need of them.

17. *Orissa Division*.—On the 7th August 1897, the Commissioner of the Orissa Division wrote that the prospects of the crops in Cuttack, Puri and Balasore were exceptionally good. In Cuttack, some gratuitous relief from Charitable Funds continued to be given during the period under report.

The area and population affected in the district of Puri remained unchanged. Public health was generally good, and cholera and small-pox which were reported to have been prevailing in the month of June have abated. There were 12 relief works open against 19 in June, and the last work in Khurda was closed on the 29th July. On the 31st July there were 2,974 workers and 1,374 recipients of gratuitous relief, against 4,015 workers and 1,078 recipients of gratuitous relief at the end of June.

## FAMINE RELIEF IN THE PATNA DIVISION.

No. 1731Fam.—The 31st August 1897.—The following paper is published for general information.

M. FINUCANE,

Secy. to the Govt. of Bengal.

No. 1791F.G., dated Bankipore, the 24th August 1897.

From—J. A. BOURDILLON, Esq., Offg. Commissioner of the Patna Division,  
To—The Secretary to the Government of Bengal, Revenue Department.

I HAVE the honour to forward, herewith, under Sections 13 and 24 of the Famine Code, my Report on famine relief operations in the Patna Division during the first-half of August 1897. The weeks comprised in the period under report are those ending on Saturday the 7th and 14th August.

## PART I.—INTRODUCTORY.

2. On the 7th August, a Conference was held at Bankipore under my presidency, at which were present the Collectors of Shahabad (Mr. Windsor), Champaran (Mr. Macpherson), Muzaffarpur (Mr. Maude), and Darbhanga (Mr. Carlyle). Mr. Chapman, Collector of Saran, was unavoidably absent, and Mr. C. A. Mills, Inspector of Famine Relief Works, Bihar, was unable to attend the Conference, but arrived shortly afterwards. The object of the meeting was to discuss the prospects of the crops, the condition of the people and the movement of prices; also to settle the details of the steps to be taken to bring relief to an end. The conclusions arrived at were embodied in my Circular No. 30 of the 12th instant; briefly, it was arranged that, in tracts where there is good *bhadoi*, relief works should all be closed by the 1st September, but that in tracts where there is no *bhadoi*, they might, if need be, be kept open till the middle of that month. Gratuitous relief is to be cut down first in tracts where the *bhadoi* is good, and, as soon as prices ease a little, kitchens are to be opened for all children who choose to attend, and for all persons on our gratuitous lists, except those who are physically incapable of attending them: all other persons are to be told that, unless they accept cooked food, they will receive no relief. On the 1st October, all gratuitous relief of all kinds will cease. It will be arranged that the sick in the poor-houses will be transferred to the local hospitals.

## PART II.—DISTRICT REPORTS.

3. *Patna*.—This district has had almost too much rain, and sunshine is wanted. The rainfall all over the district averaged an inch and three quarters during each of the weeks under report, but the fall in different places was much higher, reaching 3.28 inches at Hilsa in the first, and 2.91 inches at Barh in the second week. Heavy rain has fallen also since the fortnight closed. The result is, that what with floods and the absence of sunshine, the *bhadoi* is disappointing, and the Collector now estimates it at 10 annas, which, I think, is rather too low.

4. However, there is no distress

of any importance, and prices are beginning to fall in Patna. Maize and *marwa* are in the market, and the prospects of rice are excellent. A statement showing general price of all grains is given in the margin.

5. Imports continue heavy, and exports have fallen off. The latter were 86,256 maunds against 1,36,295 maunds in the preceding three weeks, while imports fell in the same time from 55,124 maunds to 15,081

maunds. The result is a net import at the end of a fortnight of 71,175 maunds, against one of 81,171 maunds at the end of three weeks. As usual, most of the imports were rice, the total being 61,116 maunds, or nearly three-fourths of the whole.

6. The numbers in poor-houses have increased, being, as follows, on the last day of the fortnight:—Bankipore 251, Barh (including a kitchen) 185, and Bihar 35. Most of those at Bankipore were foreigners, and many now seek these institutions as much for shelter as for food.

7. Relief from the Charitable Fund has been given to 982 persons during the fortnight, most of them being respectable persons in Patna City, who are undoubtedly hard pressed by the continued high prices.

8. *Gaya*.—The prospects of this district continue excellent. Heavy rain fell throughout the fortnight, the average all over the district being returned by the Collector as 4.29 inches, and there has been a good deal more since, so that all the reservoirs must be full. The *bhadoi* promises well, and the transplanting of rice is nearly over. I visited Gaya on the 20th instant, and the state of the paddy, as seen from the Railway line, left nothing to be desired.

9. Prices are fairly stationary. A statement showing the general average price of all grain is given in the margin.

10. Imports continue steady: during the fortnight they aggregated 37,982 maunds, against 57,069 maunds in the previous three weeks, while the exports fell from 760 maunds to 664. The re-exportation of rice to Palamau appears to have ceased completely.

11. Four kitchens were open during the fortnight, and at the three, from which complete Returns are available, the daily average number fed was 306, against 272 in the previous period. The kitchens at Gaya and Madanpur, on the Grand Trunk Road, which were closed, have been opened again, as it has been found that relief is still wanted.

12. *Shahabad*.—In this district a great improvement is visible. The weather has been perfect for both *bhadoi* and rice crops. Relief works have been entirely closed, and gratuitous relief is being contracted.

13. Prices are stationary, with a tendency to fall in Bhabua. A statement

showing the general average price of all grains is given in the margin.

14. During the fortnight under review, imports have increased and exports have fallen. The figures are, as follows, for road, river and rail:—Imports 49,478 maunds, exports 45,414 maunds, leaving a balance in favour of the district of 4,064 maunds, whereas in the preceding three weeks, the figures were imports

59,503 maunds and exports 68,846 maunds, leaving a balance against the district of 9,343. It appears that the export of *rabi* grain is ceasing for the present, either because stocks are running short, or, more probably, because, in Balia and other districts across the Ganges, the *bhadoi* crop is now coming in.

15. Relief works have altogether ceased in this district, and the numbers on the Moghulsarai-Gaya Railway embankment are slowly falling also. The numbers were, as follows, on the last four Saturdays previous to the Collector's report:—24th July, 6,106; 31st July, 6,918; 7th August, 5,183; and 14th August, 5,461.

16. Gratuitous relief is beginning to decrease, and more would have been

done in this direction, but for the illness of one of the Charge Superintendents, Mr. D. P. Smith. The figures in the margin show the average daily numbers of adult units receiving Government relief of all kinds during the period named, Relief

in two Circles, Hata and Chenari, will be closed at once, and, in the Ramghar Charge, as soon as possible. The transfer of *purda-nashin* ladies from the Government lists to those of the Charitable Fund has been concluded, and it is expected that the figures of the 14th August will be greatly diminished during the current fortnight.

17. As part of the above relief, the daily number of persons fed on the average at kitchens and poor-houses was 750 in the first and 675 in the second fortnight, as against 828 and 809 in the two previous weeks. Many children, dependants of workers on the Moghulsarai-Gaya Railway, are fed at the Banabagh kitchen.

18. As noted above, a good deal has been done to distribute the grant from the Charitable Fund, but it has not all been accounted for. A statement shows that, up to the end of July, Rs. 8,142 had been accounted for, but at least an equal sum has been expended in addition.

19. *Saran*.—Matters in this district are more prosperous than they were when last I wrote, and a beginning has been made in the contraction of relief. In the worst tract, especially in Sewan, there is little alleviation, but over the greater part of the district, there has been a manifest improvement.

20. As in Shahabad, the rainfall has been most propitious, sunshine being alternated with heavy showers at Chapra; the fall during the first week was 1.11 inches and during the second week, 1.10 inches. In these circumstances, the Collector reports that the prospects of all the crops are excellent. Maize and the smaller millets, *sarwan*, *languni* and *marwa*, are already in the market. Swamps usually left untilled have this year been filled with transplanted rice, and much indigo land, in which the indigo has failed, has been let out for rice or *bhadoi*.

21. Prices show a tendency to fall at last, except in Sewan. The state-

ment in the margin shows the average price of all kinds of grain lumped together for the last day of July and the 14th August. *Marwa* is selling at from 10 to 12 seers, and the coarser millets are as cheap as 16 seers at Gopalganj.

22. Imports continue high, in spite of the good promise of the crops. In the fortnight under review, the total imports by rail and river amounted to 1,29,927 maunds, against 1,60,705 maunds in the previous three weeks. The exports were, respectively, 8,521 maunds and 20,894 maunds, so that the balance in favour of the district was 1,21,406 maunds or 60,703 a week, against 1,39,811 maunds, or an average of 46,603 maunds a week in the previous period. The increase is chiefly in rice.

23. The following statement compares, as usual, the numbers on relief works and in receipt of gratuitous relief in each of the past five weeks—

24. To my disappointment, there has been no reduction in the number of relief works, and the numbers on relief works have actually risen during the last week of the period under review. Almost all the works are now in two groups, one in the south-east corner of the Gopalganj Subdivision under Mr. Lang, and the other, on the borders of the Sadar and Sewan Subdivisions near Baniapore Police station. On a large number of them, dressing and

finishing is going on, with weakly gangs and many women and children. In the east Gopulganj tract, Mr. Lang has been ill throughout the fortnight, and some laxity has occurred in allowing too many comers and labourers irrespective of task. The wage is now based on grain at 13 seers for the rupee, and is therefore less than the truth. The Collector has ordered almost all these works to be closed at once, and he is arranging that, unless unforeseen misfortunes occur, all relief works shall cease from the 4th September. In spite of the flaws noticed above, the outturn and cost rate are good, duo, no doubt, to the greater ease with which the softened earth can be dug and carried.

25. The Hatwa works employed a few labourers in finishing and dressing. The Collector has now ordered them to be closed.

26. The numbers in receipt of gratuitous relief still remain high, though they are lower than they were on the last day of July. It is obvious that these will decline more slowly than the numbers on relief works, but I hope that the substitution of kitchen relief for relief in villages, mentioned in paragraph 2 above, will cause a rapid reduction. A glance at Form 6 will show that the numbers are large only in the West Chapra, Sewan and East Gopulganj Charges, *i.e.*, the bad tracts of the district as above stated. The Collector has already closed gratuitous relief in certain parts of his district, and has given orders for the gradual withdrawal of it from other areas, in conformity with the general instructions he has received.

27. Part of the scheme for closure consists in the opening of more kitchens, and there are now 40 of these in the district, as against 28 when Mr. Chapman last reported. The average number relieved daily during the last week was 7,672 persons against 4,283 in the last week of July. Of this number, 6,877, or 89.6 per cent. were children.

28. The Government poor-houses housed a daily average of 245 persons, against an average of 203, and the Hatwa poor houses contained a daily average of 428 persons, against 483.

29. The total number of persons relieved from the Charitable Fund during the period under report is returned at 7,108. As no one of these is shown twice over, this sum may be taken as the daily average.

30. *Champaran*.—But for the somewhat critical condition of West Bettiah, the accounts from this district would be very satisfactory. The crops are good and numbers both on works and in receipt of gratuitous relief are falling.

31. During the first few days of the fortnight, good rain fell, but from about the 3rd August till the 14th, there has been an almost unbroken stretch of fine weather. The defect at the end of the fortnight was 12.66 inches at Motihari, and was actually greater than at the corresponding date in 1896. Since the fortnight closed, Motihari has had frequent showers about a quarter of an inch falling every day, and if this has been general, it has been just what was wanted for the *bhadoi*. But for the rice in the West Bettiah tract, much heavier rain is wanted, as transplanting is very backward, and unless it falls soon, the rice crop will be seriously affected; as it is, Mr. Still fears that, in any case, it must be a poor crop. Elsewhere there is little to complain of.

32. Prices have not yet begun to fall as they usually do, but have advanced slightly, about 2.3 per cent. on the average of all grains. The details are given in Mr. Macpherson's 9th paragraph. There seems, however, to be no lack of grain, and indeed some of hoarded *rabi* is being offered for sale. The marginal statement gives the general average price in the last two weeks.

33. Imports are falling off, showing clearly that the dealers expect a heavy *bhadoi* crop. During the fortnight, the imports, both by rail and across the frontier, amounted to 27,139 maunds, and the exports were 4,904 maunds. In the previous three weeks, the total was 46,739 maunds imports and 10,168 maunds exports: the net result is a weekly average of imports of 11,117 maunds for the last

and 12,190 maunds for the preceding fortnight. Of the imports, more than half, or 16,503 maunds, came in from Nipal, the Railway bringing in only 10,636 maunds. A good deal of grain is also coming into Bettiah from Nipal by a route where there is no registering station. I have now no fears whatever for the stocks in this district.

34. The public health continues remarkably good, and the great immunity from cholera, which the district has enjoyed so far, have rendered the general mortality unusually small.

35. The following statement compares, as usual, the figures for relief workers, and for those in receipt of gratuitous relief in each of the last five weeks:—

The number of works has fallen to 29, of which 10 are under the Collector and 19 under the Public Works Department. These are all large works, viz., the Tribeni and Dhaka Canals, and the Bettiah-Champatia Railway.

36. The total number (male units) on relief fell during the first week and then remained stationary, the reason being that the drought in West Bettiah sent back considerable numbers to the Tribeni Canal. It will be noted that the numbers on piece-work rose from 2,444 male units in the first, to 4,299 male units in the second-week. As soon as good rain falls, their number will diminish again. The outturn is good and the cost-rate low. Mr. Macpherson's remarks (paragraph 20 of his Report) on the outturn deserve perusal.

are falling steadily also. The distribution by Subdivisions is shown in the

37. The total number of persons in each Subdivision, employed on relief works in each of the last three weeks, is set out in the marginal statement. The rise on the Tribeni Canal, mentioned above, is very conspicuous. The large drop in the Sadar Subdivision on Civil Work is due to works being closed.

38. The numbers in receipt of gratuitous relief by Subdivisions is shown in the margin as in last report. Clearly the numbers in Bettiah have been cut down as low as they will go. It remains to be seen whether they will fall any lower when the kitchen system is developed.

39. As regards these institutions, the number has been doubled, having gone from 41 to 83, and the daily average fed at them, was

5,743 during the fortnight, as against a previous average of 3,831. The children numbered 3,208, or 55·85.

40. Poor-houses during the fortnight had an average of 1,179 inmates per diem, instead of 1,325, as in the previous fortnight. The advent of the *bhadoi* crop has doubtless enabled Relief Officers to send some of their better cases back to the villages.

41. *Muzaffarpur*.—In this district, prospects are generally good, but rain is wanted in Sitamarhi. The numbers on relief works are not falling much, and those on gratuitous relief, contract slowly.

Rain has since fallen in Sitamarhi.  
M. F.—31·8

42. Rainfall during the fortnight under review has been capricious and unevenly distributed. At the end of July, the Sadar station was short by 1·77 inches, Hajipur by 1·11 and Sitamarhi by 5·05. During the period under report, Muzaffarpur received 3·94 inches, Hajipur 2·59 and Sitamarhi only 2·65, so that the latter place is still in considerable defect, but during the fortnight, the worst portion of Sitamarhi, viz. Pupri, received a fall of 8·49 inches which brought it up into line, and since the fortnight closed, sufficient rain has fallen all over the district, Muzaffarpur itself receiving nearly 2½ inches in the week ending the 31st.

The broad result is that, except in parts of Sitamarhi, the prospects of the crops are excellent. Here, as in Saran, the Collector reports that an unusually large area has been sown with *makai*, *marwa*, and other millets, and he anticipates a full crop all over the district. The condition of the rice crop is excellent, except in parts of Sitamarhi, where more rain is wanted.

43. Prices, however, are not falling so rapidly as was hoped, or as they generally do. The Collector examines the question at length in his 6th paragraph, but the general result is given in the margin, which shows the average number of seers to be had for a rupee of all the grains in the market taken together. *Marwa* at 12 seers is the cheapest grain at Muzaffarpur, while barley and *rahar* are at 16 seers 6 chittaks at Hajipur, and 10 seers at Sitamarhi, where *marwa* is the same price.

44. The Railway statistics are again incomplete, and I have once more written to the Traffic Manager on the subject. As the Returns from Bhagwanpur, one of the most important stations in the district, are missing for the week ending the 7th instant, the figures are very defective. However, it appears, so far as they go, that the imports during the fortnight were 71,175 maunds and the exports 2,051, the figures for the previous three weeks having been 1,17,032 maunds, and 7,971 maunds respectively. The balance in favour of the district was, therefore, 69,124 maunds or an average of 34,562 maunds a week, against a balance of 1,09,061 maunds or 36,353 maunds a week in the previous period. If the Bhagwanpur figures were available, it is certain that the difference would be more than made up. As usual, most of the receipts are rice. The public health continues good, except for sporadic cholera in a few villages. There has been no epidemic.

45. The following comparative table is given as usual:—

The number of works has been reduced by 18, of which 10 were under the Civil Agency and 8 under the Public Works Department. That Department has now only five works open, as against 54 under the Collector.

46. It will be seen that, on task-work, the numbers keep up, which is due chiefly to a large rise in the Hajipur Subdivision, occasioned by too light a task on one work and perhaps on others, owing to the extremely easy conditions of the work: this has been corrected. The piece-workers have fallen off greatly, as the Bagmati Canal has been closed, and only the Bayanulla and one other work are kept open for piece-works: these will shortly be closed. The numbers on daily wage, without task, are well kept down, and the outturn and cost-rate, better than ever.

47. The table in Mr. Maude's 9th paragraph shows the figures for each Charge in the two weeks for persons, not male units. It shows, on the whole, a decrease, which would have been universal, but for the great rise of 103 per cent. in the Lalganj Charge, which has been referred to above.

48. There were no private relief works during the fortnight, as the Darbhanga Raj have closed theirs at Parihar.

49. The average daily numbers of adult units on gratuitous relief have fallen during the fortnight by 1·23 per cent. A table in Mr. Maude's 33rd paragraph shows that, as regards village relief under Chapter V of the Code, there has been a general, though slight, falling off in all Subdivisions, but there has been a rise in the number of those relieved at kitchens, which is all part of the policy decided upon for the Division. Though it is not so stated, I believe that this reduction is partly due to orphans and respectable women being transferred to the lists of the Charitable Fund Committee.

50. Kitchens have increased in numbers by two, being 74 against 72. The numbers have fallen from a daily average of 17,074 persons to one of 16,697. The ratio of children at these kitchens was 89·15 per cent. The new orders about developing kitchens have not yet had time to operate, but as soon as they have, it is expected that the numbers relieved at kitchens will increase, and those gratuitously relieved at their villages, will decline still more rapidly.

51. Poor-houses play but a small rôle in this district, and the daily average number of inmates was only 433 against 447. In the Darbhanga Raj poor-house at Parihar, a daily average, of 411 persons was fed and housed during the fortnight. The Darbhanga Raj relieved gratuitously an average of 1,422 persons per diem in the period under report, as against 1,048 in the previous period.

52. The figures given for expenditure from the Charitable Fund for July, show that Rs. 40,795 have actually been expended to the end of the month, that Rs. 91,807 are with the District Committee, and Rs. 63,742 with Local Committees.

53. *Darbhanga*.—All goes well in this district now, though, during the fortnight under review, the Collector was anxious about rain for the Madhubani Subdivision. The numbers on relief works have fallen, but those on gratuitous relief are about the same.

54. During the first week of August, good rain fell all over the district, the mean of 20 registering stations being 3·34 inches; but in the second week, the fall was much lighter, averaging only 0·71 of an inch: this was well enough for the southern half of the district where the *bhadoi* was coming on and transplanting was practically over, but not enough for the tract north of Darbhanga, where transplanting was seriously retarded up till the date of the Collector's report, viz. the 20th instant. Since that, however, I learn by telegram, on the 23rd idem, that good rain has fallen all over Madhubani, probably sufficient for transplantation.

55. In these circumstances, the outlook is exceptionally good: the *bhadoi* over a great part of the district is reported to be a bumper crop, so that even taking into consideration the places where it is bad, the district, as a whole, will have more than an average crop. The rice will all be transplanted in Madhubani by the end of the present week, and the prospects of the crops are everywhere very good.

56. Prices are beginning to fall even in Madhubani, as the figures in the margin will show. This result is produced by the advent of *marwa* and *maize* into the market, the latter selling as cheap as 13 seers at Madhubani, while *marwa* is at 13½ seers at Samastipur. The price of rice has risen slightly at Darbhanga and fallen slightly at Madhubani.

57. Imports are gradually decreasing, no doubt in view of the good *bhadoi* crop and the excellent promise of the rice. The imports during the fortnight under review were 67,766 maunds, and the exports 3,339, giving a net importation of 64,427 maunds. In the previous three weeks the imports were 1,29,677 maunds and the exports 7,628, leaving a balance of 1,22,049 maunds; the average weekly net importation was, therefore, 32,213 maunds for the past fortnight and 40,683 maunds for the preceding period. Just half of the imports were rice (33,090 maunds), almost all of which came from Howrah and Kidderpore.

58. The health of the district continues excellent. The death-rate for July was only 2.02 per *mille*, against an average of 2.5.

59. The following table gives the usual comparison for relief works and gratuitous relief:—

It will be seen that there is a reduction of 26 in the number of works. All those under the Public Works Department have been closed or taken over except 6.

60. Speaking generally, there was a general fall during the fortnight under all heads of the above table, and the statement in the margin will show the progress made in each Subdivision. It will be seen that there is a rapid fall in each Subdivision, except Madhubani, where in the last week there was a large increase in the numbers on Civil Agency works owing to the drought and the absence of employment in transplanting. The great fall on Public Works Department work in the Sadar Subdivision is due to the closure or transfer of most of them.

61. The Collector explains that a large number of those shown as on daily wage without task, are really on piece-work exacted in superficial feet.

There has been a fall in the number of men on the works, which is explained by the fact that they find it more easy to get employment in the fields than the women and children. Transplanting, as is well known, is very hard work. All works have now been closed in Samastipur and Warisnagar Charges. On Darbhanga Raj relief works, the average daily number of persons was 1,008 in the first and 1,220 in the second week of the fortnight.

62. The numbers on gratuitous relief have remained pretty steady for the last three weeks, at about 85,000 adult unit. There will be no great reduction till prices fall, or the new orders about kitchens begin to take effect.

63. As regards kitchens, of which there are now 37 in the district, the daily number of persons relieved in the first week, was 10,253, and in the second week, 10,781. Of this latter number, 9,996, or 92·7 per cent. were children. The daily average in the last week of July was 8,585. More kitchens will soon be opened.

64. The poor-houses are nine in number, and contained altogether a daily average of 1,299 persons in the first, and 1,078 in the second week, and the daily average last reported was 1,309.

65. The Darbhanga Raj relieved gratuitously a daily average of 14,483, and 12,401 persons in the two weeks under review.

### PART III.—CONCLUSION.

66. The fortnight under review has been a time of general prosperity. The first week was marked by heavy rain in many places, followed by a week of ten days of comparatively fine weather, such as was required for the *bhadoi* crops.

67. Consequently, the prospects of the season, except in a few places, are excellent. The *bhadoi*, taking it all round, will be more than an average crop, though the Collector of Patna is despondent about the crop in his district. Along the north of the Division, also, some of it has withered for want of rain. As regards rice, the outlook is most promising everywhere except in West Bettiah and part of Sitamarhi, but my advices from these places are not very late. In the former tract, heavy rain is required at an early date to preserve the crop from severe failure, and it is feared that, in any case, it will give but a poor outturn.

68. Prices show little tendency to fall, but the movement is just beginning in several places: it must be accelerated by the advent of the *bhadoi* crop, which is already in the market in most places. The condition of the stocks no longer causes anxiety anywhere.

69. The traffic in food-grains is shown as usual, at one glance, in the following table:—

70. Every district has now an excess of imports, as Shahabad has ceased exporting her hoarded *rabi*, and is herself an importer. The figures in columns 2, 4 and 6 of the above statement are, it is to be remembered, for three weeks, but even making from them a deduction of one-third, it appears that, except in Patna, Shahabad and Saran, there has been a falling off in the net balance

It has been since reported that on the night of the 23rd August there was a fall of an inch of rain in Sitamarhi; while in Bettiah subdivision there were  $3\frac{1}{2}$  inches at Bagaha and  $2\frac{1}{2}$  inches at Ramnagar. A further fall of about 1 inch at Sitamarhi has recently been reported.

M. F.—31-8-97.

at credit of the district. This result is, of course, due to the excellent promise, and partial in-coming of the *bhadai* crop, and the shrinkage will probably continue till trade runs again in its usual channels.

71. The imports from Howrah, &c., during the past fortnight, are set forth in the marginal statement. They show no reduction, but, on the contrary, an increase, allowance being made for the extra week in the previous Return. It will be noticed that Gaya is again an importer, and that while the Patna figures have grown largely, the imports

into Champaran and Darbhanga have greatly shrunk.

72. The following statement, giving fortnightly mean figures, is given as usual:—

73. The figures below represent the total number of persons receiving relief of all kinds on the last day of the fortnight, together with the percentage they bear to the population of the affected area on this and previous occasions. The figures have been taken from the *Calcutta Gazette*, but the Champaran figures have been subsequently corrected by the Collector:—

There is a satisfactory fall of 1 per cent. on the whole, which is shared in by all districts. Champaran, owing to the rapidity with which works have been closed in that district, and also to the liberal distribution of advances under the Agriculturists' Loans Act and donations from the Charitable Fund, has now in proportion fewer of its inhabitants in receipt of relief than any other district.

74. The marginal figures show how the general total is distributed between relief works and gratuitous relief. I fully expect that, during the current fortnight, there will be a sensible reduction in the percentage on gratuitous relief, and that the figures for relief works will almost disappear.

75. The distribution of works between Civil and Public Works Department Agencies is also shown in the marginal table. The number of works has been reduced from 277 to 215, and now only 30 of them are under the Public Works Department, no less than 54 having been closed or taken off their hands during the fortnight, in order to set the Officers of the Department free

for work elsewhere.

76. The following table shows, as desired by Government, the amounts advanced under the modified rules sanctioned under the Land Improvement Loans Act. It will be seen that nothing has been advanced during the period under review under this Act:—

77. During the remainder of the time during which famine relief operations continue, it is expected that the distribution of cooked food at kitchens will play a leading part. I give, therefore, below a statement showing how matters stand at present, in order that figures may be easily available for comparison as time passes. If my expectations are realised, the numbers fed at kitchens will increase considerably, while those receiving gratuitous relief in grain and money, will fall off greatly, till both are finally extinguished.

78. Appendix A as usual gives the expenditure to date as gathered from the financial statements. I have frequently explained that it is incomplete. As it stands, however, it shows that the total expenditure to date has been Rs. 62,66,332, of which 39 lakhs have been spent on relief works and 22 lakhs on gratuitous relief. The expenditure of the past fortnight has been Rs. 3,36,462 only.

5. During the year under review the Commissioner of Police reported that fire broke out in Chitpur canal on the 19th December 1896, and the property destroyed to the approximate value of Rs. 3,000, as detailed below :—

Cossipur-Chitpur  
Municipal Office,  
The 17th July 1897.

RAMDASS ROY CHOWDHURY,

Secretary.

No. 123, dated the 25th May 1897.

From—BABU SHAMADHARA ROY, Chairman, Maniktolla Municipality,  
To—The Magistrate of the 24-Parganas.

WITH reference to your letter No. 310M., dated the 8th May 1897, I have the honour to submit the following report on the working of warehouses and the maintenance of Metropolitan fire brigade for the year 1896-97 in accordance with the provisions of section 41 of Act I of 1893 as amended by Act I of 1894.

1. The Fire Brigade Budget for the year under review, prepared by the Commissioner of Police under section 26 of the Act, was laid before the Commissioners at their meeting held on the 17th April 1896, and they resolved to contribute Rs. 629, being the proportionate share towards the maintenance of the Fire Brigade Fund, and the amount was paid in two instalments.

2. During the year under review, eight licenses were issued to owners of jute warehouses and 72 to owners of other warehouses dealing in firewood, hay, durma mats, golepatta, and straw, against 7 and 63 of the preceding year. The total license fees realised from both class of warehouses amounted to Rs. 1,256, against Rs. 1,170-3-9 of the past year. The Commissioners levy license fees at 6 per cent. per annum on the annual value of holdings as assessed for payment of municipal taxes on jute warehouses and at 10 per cent. on other warehouses. A deduction of 10 per cent. was allowed on the outlay incurred in respect of the appliances for extinguishing fire in the Soora Jute Mill Company, Limited.

3. Under the Government Notification No. 2853M., dated the 14th August 1893, published in the *Calcutta Gazette* of the 16th idem, most of the traders licensable under section 261 of the Municipal Act for dealing with inflammable articles have come under the operation of the Fire Brigade Act, consequently the number of warehouse licenses are increasing year after year.

4. As all the owners of warehouses paid their license fees in time, no prosecution was made during the year, but there were six prosecutions during the preceding year.

The jute godowns and firewood depôts are mostly situated near the circular canal which forms the western boundary of this municipality. Soora Jute Mill is situated on the north side of the Narkaldanga main road. Jute was imported from the eastern districts by boats through the canals and also by Eastern Bengal State Railway. They are stored in pukka godowns, but firewood, hay, &c., are piled in open grounds. There are jute ropery business within this municipality, besides manufacture of gunny in the jute mill. Packing cases are also made by machine carpentry.

About two lakhs of maunds of jute were imported during the year and the trade was very brisk during the period.

No conflagration took place anywhere within the municipality, and the assistance of fire brigade was therefore not required.

**RESOLUTION ON THE ANNUAL REPORT ON THE GOVERNMENT  
CINCHONA PLANTATION AND FACTORY IN BENGAL

The Report for 1895-96, and the Resolution of Government recorded thereon.

THE drought which occurred in the year 1895-96 was repeated in a less severe form in the year under review. The effect of two successive years of drought could not fail to be disastrous to the cinchona plants, which are particularly susceptible to climatic influences, and it was only possible to plant out during the last cold weather 243,750 plants of the *Calisaya Ledgeriana* and 20,000 trees of the sort known as Hybrid Cinchona. The number of trees uprooted at the plantations for their bark was 1,064,200, against 453,000 uprooted in 1895-96. The result of the year's operations was that the total number of cinchona trees in the plantation at the close of the year (excluding the nursery stock, which amounted to 79,000) was 2,683,451, all being of the quinine-producing sort, with the exception of 185,000 trees of the red bark for the manufacture of cinchona febrifuge. The policy steadily observed for several years past has been to reduce the number of the trees which yield the febrifuge, and to plant out only the quinine-producing varieties.

2. The crop of the year amounted to 629,222 lbs. of dry bark, of which 251,468 lbs. were obtained from the trees uprooted in the Government plantations in Sikkim, and 377,754 lbs. were collected from the trees in the plantation purchased at Nimbong. The bulk of the bark was of the quinine-producing sort, and with the exception of 1,642 lbs. supplied to a medical depôt and sold to the public, the whole crop was, as usual, made over to the Cinchona Factory for disposal. Besides the bark obtained by cropping, 122,571 lbs. were purchased from private plantations in Sikkim and Travancore.

3. The outturn of the factory, which was strengthened by a new turbine, was 10,672 lbs. of sulphate of quinine, and 3,452 lbs. of cinchona febrifuge, against 9,004 lbs. and 3,124 lbs., respectively, in 1895-96, the total increase being 1,996 lbs. The following statement compares the issues of the year with those of the preceding year :—

The decrease in the issues of sulphate of quinine is attributed partly to the fact that the Medical Depôts indented to some extent on the Madras Government Factory, and partly to a reduced demand owing to fever being less prevalent during the year. The sales of cinchona febrifuge were also affected by this latter cause. Although the official indents fell off considerably, the febrifuge still maintains its popularity as a remedy for fever among the non-official public, the amount purchased by a single native medical practitioner in Jessore having exceeded the official consumption of the whole of Bengal. The stock of quinine in hand at the close of the year was 4,548 lbs., and of febrifuge, 1,205 lbs.

4. The revenue derived from the sale of sulphate of quinine, cinchona febrifuge, cinchona bark, and other products of the plantation, amounted to Rs. 1,71,779, against Rs. 1,89,530 in the previous year; thus:—

5. The expenditure on the plantation amounted to Rs. 82,143, against Rs. 79,865 in the previous year. The amount spent on account of the factory rose from Rs. 62,982 to Rs. 79,867, which included the price paid for the bark purchased from private plantations, and the cost of a new turbine.

6. The net profit on the working of the plantations amounted to Rs. 9,767, against Rs. 4,598 in the previous year. The result is satisfactory.

7. The amount of quinine delivered to the Jail Department, for conversion into pice-packets for sale to the public through the Postal Department, was 3,330 lbs., or only 130 lbs. more than the quantity supplied in 1895-96. It appears that the smallness of the increase was due to the inability of the Printing Department to supply to the Jail Department, in sufficient quantity, the envelopes in which the quinine is wrapped up. Measures have since been taken to remedy this defect. At the same time, all restrictions on the supply of quinine, either in pice-packets or in bulk, to other Governments and Administrations, referred to in the last year's Resolution, have been withdrawn, and Dr. King has been instructed to comply with any demands he may receive.

8. The Lieutenant-Governor desires to thank Dr. King and also Mr. Gamble, the Deputy Superintendent of the Cinchona Plantations, who has since retired from service, for their efficient management of the Department during the year.

By order of the Lieutenant-Governor of Bengal,

C. E. A. W. OLDHAM,

*Offg. Secretary to the Government of Bengal.*

**Imports.**—During the period under report, the imports of rice amounted to 217,243 cwts., against 20,985 cwts. in the third week of August 1896. The amount imported from Burma was 188,413 cwts., against 873 cwts. in the same period of 1896, that from Madras 644 cwts., and that from the Straits Settlements 8,711 cwts., both against nil in the corresponding period of last year; shipments of rice from Chandbali rose from 15,990 cwts. to 18,200 cwts. The imports of paddy from Chandbali fell off by 5,278 cwts., but this decrease was more than counterbalanced by larger imports from Rangoon and Balasore. The fluctuations under the head of gram and pulses were unimportant.

**Exports.**—In the following statement the total quantity of each kind of food-grain exported by sea during the week ending 21st August 1897 is compared with that for the corresponding period of 1896 :—

The exports of rice from Calcutta to foreign ports declined from 37,896 cwts. in the third week of August 1896 to 8,336 cwts. in the period under report. The decrease in exports to Ceylon was 32,355 cwts., while Mauritius received 3,259 cwts., against nil in the corresponding period of last year. The decrease under gram and pulses was chiefly due to the cessation of exports to the United Kingdom, which took 12,419 cwts. in the corresponding week of 1896.

As regards Indian ports, the exports of rice during the third week of August 1896 amounted to 13,875 cwts., against 1,786 cwts. in the period under report. The shipments for Bombay amounted to only 960 cwts., against 12,637 cwts. in the third week of August 1896. Under gram and pulses there were no shipments to Bombay, against 16,272 cwts. in the corresponding period of last year, while there was a decrease of 6,802 cwts. in exports to the Madras ports.

Detailed statements showing the sources of supply and the places of destination, both as regards Foreign and Indian ports, are given below :—

**Singhbhum.**—Rainfall at Chaibassa 2·03, Kalikapore 1·07, Ghatsila 1·04, Chakradharpur 1·42. Rice plentiful; price 7 to 10 seers per rupee.

**General Summary.**—There was rain in all districts during the week. The transplantation of winter rice is everywhere being rapidly completed, but more rain is still required for this purpose in Dinajpur, Purnea, Champaran, the Gopalganj subdivision of Saran, and the Sitamarhi subdivision of Muzaffarpur. The prospects of the *bhadoi* crops are generally favourable except that in places in the Patna Division and in Monghyr some damage has been caused by heavy rain and floods. In Patna the *makai* (Indian-corn) on the *diara* lands is said to have been totally destroyed. The harvesting of *aus* rice, jute, and the earlier *bhadoi* crops is going on. Prices are reported to be falling in some districts. New *aus* rice and Indian-corn are coming into the market. In the distressed districts the prices of the staple food-grain on which the famine wage is based are—Bankura (common rice) 7  $\frac{1}{2}$  to 9  $\frac{1}{2}$  seers, Nadia (common rice) 7 to 8 seers (old) and 9 to 11  $\frac{1}{2}$  seers (new *aus*), Murshidabad (common rice) 8 seers, Saran (barley) 13 seers, Champaran (barley) 12  $\frac{1}{2}$  seers, Muzaffarpur (*makai*) 15 seers and, (*rahar*) 10  $\frac{1}{2}$  seers, Darbhanga (rice) 8 seers and (*makai*) 13 seers, Puri (common rice) 9 to 10 seers, Ilazaribagh (rice) 6 to 8 seers, Lohardaga (rice) 7  $\frac{1}{2}$  seers, Manbhum (common rice) 8 seers.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h., and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beekley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast; g, gloomy; d, drizzling rain; p, passing temporary showers; t, thunder < lightning; Δ dew.

## PREMCHAND ROYCHAND STUDENTSHIP EXAMINATION, 1898.

*Mathematics.*

Subjects to be taken up for the Examination in Pure Mathematics :—

- (a) Algebra.
- (b) Trigonometry, Plane and Spherical.
- (c) Theory of Equations.
- (d) Analytical Plane Geometry, including the Higher Plane Curves.
- (e) Analytical Solid Geometry.
- (f) Differential Calculus.
- (g) Integral Calculus, including the elements of the Calculus of Variations.
- (h) Differential Equations.

The following books are recommended :—

|                     |     |     |                                                                  |

### Orders and Notifications by the Government of India, &c.

[Reprinted from the "Gazette of India."]

The following order, issued by the Government of India in the Home Department, is republished for general information.

C. W. BOLTON,  
Chief Secy. to the Govt. of Bengal.

#### NOTIFICATIONS.

##### EXAMINATIONS.

Simla, the 27th August, 1897.

No. 202.—The following Regulations respecting the examination of candidates for the Civil Service of India to be held in August 1898 are published for general information:—

COPIES OF THESE REGULATIONS MAY BE OBTAINED ON APPLICATION TO THE SECRETARY TO THE GOVERNMENT OF INDIA IN THE HOME DEPARTMENT.

#### EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

An open Competitive Examination for admission to the Civil Service of India will be held in London, under the subjoined Regulations, commencing on the 2nd August 1898.

*The number of persons to be selected at this Examination will be announced hereafter.*

*No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the 31st May 1898, an application on the prescribed form, accompanied by a list of the subjects in which the Candidate desires to be examined.*

*The Order for admission to the Examination will be posted on the 19th July 1898, to the address given on the Form of Application. It will contain instructions as to the time and place at which candidates will be required to attend, and as to the manner in which the fee (£5) is to be paid.*

CIVIL SERVICE COMMISSION,

July 1897.

#### REGULATIONS.

*\*\* The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year:—*

1. An examination for admission to the Civil Service of India, open to all qualified persons, will be held in London in August of each year. The date of the Examination and the number of appointments to be made for each Province will be announced beforehand by the Civil Service Commissioners.

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners—

(i) that he is a natural-born subject of Her Majesty ;

(ii) that he had attained the age of twenty-one, and had not attained the age of twenty-three on the first day of the year in which the Examination is held ;

[N.B.—In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and nationality signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.]

(iii) that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India ;

(iv) that he is of good moral character.

3. Should the evidence upon the above points be *prima facie* satisfactory to the Civil Service Commissioners, the Candidate on payment of the prescribed fee will be admitted to the Examination. The Commissioners may, however, in their discretion at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further enquiries as they may deem necessary ; and if the result of such enquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and, if already selected, will be removed from the position of a Probationer.

4. The open Competitive Examination will take place only in the following branches of knowledge :—

|                                                                                      | Marks. |

| English Law. Under the head of "English Law" shall be included the following subjects, viz.: (1) Law of Contract; (2) Law of Evidence; (3) Law of the Constitution; (4) Criminal Law; (5) Law of Real Property; and of these five subjects Candidates shall be at liberty to offer any four, but not more than four ... | 500    |

Candidates are at liberty to name any or all of these branches of knowledge (a). None is obligatory.

5. The merit of the persons examined will be estimated by marks; and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (b) in order to secure that no credit be allowed for merely superficial knowledge.

7. The Examination will be conducted on paper and *visd voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the branches in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained, after the deduction above-mentioned, a greater aggregate number of marks than any of the remaining Candidates, will be set forth in order of merit, and such Candidates shall be deemed to be selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected Candidate. A Candidate entitled to be deemed a selected Candidate, but declining to accept the nomination as such, which may be offered to him, will be disqualified for any subsequent competition.

9. Selected Candidates before proceeding to India will be on probation for one year, at the end of which time they will be examined with a view of testing their progress in the following subjects (c):—

*Compulsory—*

|                                                                                             | Marks. |

| 7. Chinese (for Candidates assigned to the Province of Burma only) ... | 400 |

\* These subjects may not be offered by any Candidate who has offered them at the open competition.

In this Examination, as in the open competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the open competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it. The Examination will be conducted on paper and *visd voce*, as may be deemed necessary. This Examination will be held at the close of the year of probation, and will be called the "*Final Examination*."

10. The selected Candidates will also be tested during their probation as to their proficiency in Riding.

(a) A syllabus defining the character of the Examination in the various subjects, may be obtained on application to the Secretary, Civil Service Commission.

(b) No deduction will be made from the marks assigned to Candidates in Mathematics or English Composition.

(c) Instructions showing the extent of the Examination will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

The examinations in riding will be held as follows :—

- (1) Shortly after the result of the open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.
- (2) Again, at the time of the Final Examination, Candidates who may fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback shall receive a Certificate which shall entitle them to be credited with 200 or 100 marks, according to the degree of proficiency displayed, to be added to their marks in the Final Examination.
- (3) Candidates who fail to obtain this Certificate, but who gain a Certificate of minimum proficiency in riding, will be allowed to proceed to India, but will be subjected on their arrival to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government. A Candidate who fails at the end of the year of probation to gain at least the Certificate of minimum proficiency in riding will be liable to have his name removed from the list of selected Candidates.

11. The selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, S.W.," at any time after the 1st December, in the year previous to that in which the Examination is to be held. The Forms must be returned so as to be received at the office of the Civil Service Commissioners on or before the 31st May (or, if that date should fall upon a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the Examination is to be held.

The Civil Service Commissioners are authorised by the Secretary of State for India in Council to make the following announcements :—

- (i) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes ; but the requirements of the Public Service will rank before every other consideration.*
- (ii) *An allowance amounting to £100 will be given to all Candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrew's and Aberdeen ; Victoria University, Manchester ; University College, London ; and King's College, London ; provided such Candidates shall have passed the Final Examination to the satisfaction of the Civil Service Commissioners, and shall have conducted themselves well and complied with such rules as may be laid down for the guidance of selected Candidates. The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.*
- (iii) *The allowance of £100 will not be paid to any selected Candidate until he has been certified by the Civil Service Commissioners to be entitled to be appointed to the Civil Service of India ; and every Certificated Candidate must, before receiving his allowance, give a written undertaking to refund the amount in the event of his failing to proceed to India.*
- (iv) *All Candidates obtaining Certificates will be also required to enter into covenants by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £1.*
- (v) *The seniority in the Civil Service of India of the selected Candidates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations.*
- (vi) *Selected Candidates will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct.*
- (vii) *Candidates rejected at the Final Examination held in any year will in no case be allowed to present themselves for re-examination.*

## FORM TO BE FILLED UP BY CANDIDATES FOR EXAMINATION.

\* \* *The order for admission to the Examination will not be issued unless this Form, filled up by the Candidate himself, is received by the Secretary of the Civil Service Commission on or before the 31st May 1898.*

Date \_\_\_\_\_

SIR,

I beg to inform you that I wish to be a Candidate at the Examination for the Civil Service of India, which is appointed to commence in London on the 2nd of August, 1898.

I hereby declare that I was born on the \_\_\_\_\_ day of 18\_\_\_\_, and that therefore I had attained the age of 21 years and had not attained the age of 23 years on the 1st of January, 1898; I also declare that I have no disease, constitutional affection, or bodily infirmity unfitting me, or likely to unfit me, for the Civil Service of India; and that I am of good moral character, and otherwise eligible under the Regulations.

This should be given on the form attached.

Candidates who are not Natives of India should strike out this paragraph.

Candidates not born within the British Dominions should state this fact in a separate letter.

\* If you have never been examined, insert here the word "never."

† If you have been examined, give the date, etc., of the last occasion.

I send herewith a statement of the subjects in which I desire to be examined.

I also send herewith a Certificate of my Birth issued under Notification of the Government of India, No. 2252, dated 21st August, 1888.

I have also to state, with reference to Section 2, Clause (i) of the Regulations, that I am a natural-born subject of Her Majesty.

I beg further to add that I have \* \_\_\_\_\_ been examined under the directions of the Civil Service Commissioners in the year 18\_\_\_\_, † as a Candidate for the situation of \_\_\_\_\_.

I am,

Sir,

Your obedient servant,

Name in full \_\_\_\_\_

‡ If a London address, state postal district; if a country address, state the post town.

Address to which it is desired that the Order for Examination should be sent ‡ \_\_\_\_\_

Date \_\_\_\_\_

To the Secretary,  
Civil Service Commission.

No Certificates of age, health, and character, except as mentioned above, should be supplied until the result of the Examination is known.

☞ If Candidates who fill up and return this Application Form do not receive an acknowledgment of it within four complete days, they should write to the Secretary, Civil Service Commission, London, S. W.

N.B.—Attention is drawn to the annexed Form, which must be filled up by every Candidate.

---

**EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE  
CIVIL SERVICE OF INDIA.**

---

I. Every Candidate born in the United Kingdom should be prepared to produce, when required, a Certificate from the Registrar-General of Births, Marriages and Deaths, or from one of his Provincial Officers. This Certificate may be obtained from the Registrar-General in London, Dublin or Edinburgh, or from the Superintendent Registrar of the District in which the birth took place.

II. A Candidate born of European parents in India should be prepared to produce, when required, a Certificate of Baptism from the district in which he was baptised. If this does not also mention the date of birth, it should be accompanied by a statutory declaration by one of the Candidate's parents, stating the date and place of birth. When such certificates are not in the possession of the Candidates, an Extract from the Registers kept at the India Office will probably be obtainable.

III. A Candidate who is a Native of India must, *before he can be admitted to the Competition*, have his age and nationality certified by the Government of India, or of the Presidency or Province in which he may have resided.

[No Certificates except those issued under Notification of the Government of India, No. 2252, dated 21st August 1888, will be accepted for this Competition.]

Except as noted in paragraphs II and III, every Candidate who proves to be successful is expected to produce a Certificate of Birth. The Civil Service Commissioners will not in ordinary cases accept a Certificate of Baptism, or other testimony, unless they are first satisfied that a Certificate of Birth cannot be procured.

Official Certificates of Birth may generally be obtained as follows :—

- (a) *For persons born in England or Wales since 30th June 1837.*—From the Registrar-General, Somerset House, London, or from the Superintendent Registrar of the district in which the birth took place.
- (b) *For persons born in Scotland since 31st December 1854.*—From the General Register Office, Edinburgh; or from the Registrar of the Parish or district in which the birth took place.
- (c) *For persons born in Ireland since 31st December 1863.*—From the General Register Office, Dublin; or from the Superintendent Registrar of the district in which the birth took place.
- (d) *For persons of English, Scottish, or Irish parentage born on board British ships since the dates mentioned in (a), (b) and (c), respectively.*—From the General Register Office, London, Edinburgh, or Dublin, according to parentage.
- (e) *For persons born in India of European parents.*—From the India Office, London.

Any Candidate who cannot produce a Certificate of Birth from one of the authorities named should, if possible, procure a Certificate of Baptism, and should then apply to the Secretary, Civil Service Commission, for further instructions.

**CIVIL SERVICE OF INDIA;**

**CLERKSHIPS (CLASS I) IN THE HOME CIVIL SERVICE; AND EASTERN CADETSHIPS.**

*Syllabus showing the extent of the Examination in certain subjects after the examination to be held in 1897.*

**English Composition.**—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper.

**English Language and Literature.**—The Examination will be in two Parts. In the one the Candidates will be expected to show a general acquaintance with the course of English Literature, as represented (mainly) by the following writers in verse and prose, between the reign of Edward III and the accession of Queen Victoria :—

**Verse**—Chaucer, Langland, Spenser, Shakespeare, Milton, Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coleridge, Shelley, Keats.

**Prose**—Bacon, Sir Thomas Browne, Milton, Cowley, Bunyan, Dryden, Swift, Defoe, Addison, Johnson, Burke, Scott, Macaulay (Essays and Biographies).

A minute knowledge of the works of these authors will not be looked for in this part of the Examination, which will, however, test how far the Candidates have studied the chief productions of the greatest English writers *in themselves*, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature. Candidates will also be expected to show that they have studied in these authors the history of the English Language in respect of its vocabulary, syntax, and prosody.

The other part of the Examination will relate to one of the periods named below, which will follow each other year by year in the order indicated :—

- |        |                                                    |
|--------|----------------------------------------------------|
| 1.     | A.D. 1700 to A.D. 1800                             |
| (1898) | [Pope to Cowper]                                   |
| 2.     | A.D. 1800 to A.D. 1832                             |
| (1899) | [Nineteenth Century writers to the death of Scott] |
| 3.     | A.D. 1360 to A.D. 1600                             |
| (1900) | [Chaucer to Spenser]                               |
| 4.     | A.D. 1600 to A.D. 1700                             |
| (1901) | [Shakespeare to Dryden]                            |

The Examination in this part will require from Candidates a more minute acquaintance with the history of the English Language and Literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners.\* The names placed under the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination. All the works of Shakespeare, for example, will be regarded as falling within the period 1600 to 1700; all the works of Swift within the period 1700 to 1800; all the works of Scott and Wordsworth, and all the works of Macaulay within the period 1800 to 1832.

## Advertisement of Sale.

**NOTICE** is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Shahabad, will be put up to sale at the Arrah Collectorate on Monday, the 20th September 1897, corresponding with 9th Ashin 1306 F.S.

The purchasers will be subject to the following conditions of sale:—

## Conditions of sale.

- 1st.—The estates to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchasers of these estate will be considered as the proprietors of the estate, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of cultivators recorded in the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- 4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchasers after issue of advertisement, as in the case of original sale.
- 5th.—The sale of two Kusulpurs, Nos. 1334 and 1335, will be subject to existing leases and to the rights conferred by the settlement proceedings and by laws in force, and purchasers will be bound to respect the rights of such lessees till the expiry of the period of their settlement:—

Bhagalpur Collectorate, the 19th August 1897.

H. J. McIntosh, Collector.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Burdwan, will be put up to sale at the Burdwan Collectorate on the 24th September 1897, corresponding with 9th Assin 1304.

The purchasers will be subject to the following conditions of sale:—

## Conditions of Sale.

- 1st.—The estates to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them as revenue-free or subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount to be paid at once.
- 4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale will be cancelled (the sum deposited being forfeited to Government), and the estate will be again put up for sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Burdwan Collectorate, the 21st August 1897.

C. FISHER, Collector.

## Notification A.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and shares of estates in the district of Bogra will be put up for sale at the office of the Collector of that district on the 28th September 1897 at noon for arrears of revenue and other demands which by law are realisable as arrears of land revenue.

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share, and that the other share or shares in the estate are excluded from the sale.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Murshidabad will be put up for sale at the said Murshidabad Collectorate on the 28th day of September 1897, corresponding with the 13th Ashin 1304 B.S. :—

## Conditions of sale.

- 1st.—The estates to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of these estates will be considered as the proprietor of the estates, and the entire proprietary rights of Government in such estates will be transferred to him, subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale :—

Berhampore, the 24th August 1897.

OPENDRA CHANDRA MOZUMDAR, for Collector.

## Notification A.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and shares of estates in the district of Gaya will be put up for sale at the office of the Collector of that district on the 15th of September 1897 at 12 A.M. for arrears of revenue and other demands, which by law are realizable as arrears of land revenue.

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share, and that the other share or shares in the estate are excluded from the sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Bhagalpur, will be put up to sale at the Bhagalpur Collectorate on the 28th September 1897, corresponding with 17th Assin 1305 Fushl:—

The purchasers will be subject to the following conditions of sale:—

## Conditions of Sale.

- 1st.—The estate to be sold to the highest bidder above the upset price, amounting two two years' revenue. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- 4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

A. C. MACKERRICH, Deputy Collector in charge, for Collector on tour.

Midnapore Collectorate, Arrear Collection Department, the 17th August 1897.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and share of estates in the district of Shahabad, will be put up for sale at the office of the Collector of that district on the 23rd September 1897, at 11 A.M. for arrears of revenue and other demands which by law are realizable as arrears of land revenue for the kist of June 1897.

When in columns 5, 7, and 9 of the statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share and the other share or shares in the estate are excluded.

Backergunge Collectorate, the 2nd August 1897.

B. BELL, Offg. Collector.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and share of estates in the district of Noakhali will be put up for sale at the office of the Collector of that district on the 15th September 1897 at 1 p.m. for arrears of revenue and other demands which by law are realisable as arrears of land revenue.

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share, and that the other share or shares in the estate are excluded from the sale :—

Chittagong Collectorate, the 3rd September 1897.

J. E. PHILLIMORE, Offg. Collector.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and shares of estates in the district of Patna will be put up for sale at the Collector's Office of that district on the 27th September 1897 at 12 A.M. for arrears of revenue and other demands which by law are realisable as arrears of revenue.

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, a separate account is kept for such share, and the other share or shares in the estates are excluded from the sale:—

R. A. N. SINGH, Deputy Collector, for Collector.

## Notice.

THE terms of the leases in respect of the Mica Mines named in the accompanying list having expired, fresh leases for five years will be granted to the highest bidders. For this purpose, the mines will be put up to auction, at the Deputy Commissioner's Office, Hazaribagh, on the 15th October next. In addition to the rent thus determined, a royalty of 2½ per cent. will be levied on the sale value of the Mica at the pit's mouth.

The conditions of the lease have been prescribed in rule 15 of the revised rules for the grant of prospecting, licenses and mining leases for Mica published at page 919, Part I, of the *Calcutta Gazette* of the 7th July 1897.

Hazaribagh, Deputy Commissioner's Office, the 25th August 1897.

J. L. HERALD, Deputy Commissioner.

### The Indian Law Reports.

*Published under Authority.*

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1899 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

*Terms of subscription payable annually in advance.*

For the complete series including postage, Rs. 22-8.

*Shoal patches near Claremont group.*

THE British Admiralty has given notice (No. 13 of 1897) of the existence of three shoal patches of coral in the following approximate position, viz. :—

A patch with 5 fathoms over it, lying in Latitude  $13^{\circ} 25' 50''$  South, Longitude  $143^{\circ} 41' 20''$  East;

A patch with  $4\frac{1}{2}$  fathoms over it, lying North  $29^{\circ}$  West, distant 2 cables from the before-mentioned patch; and

A patch with 5 fathoms over it, lying North  $15^{\circ}$  East, distant 2 cables from the first-named patch.

Foul ground exists round these shoals, and a complete examination has not yet been made. Masters of vessels are cautioned accordingly.

Charts affected—Nos. 2921 and 2764; Australia Directory, vol. 2.

*Mundoora Channel and Port Broughton—Buoys removed and beacons erected.*

THE President, Marine Department, Port Adelaide, has given notice (No. 5 of 1897) that the buoys marking the Mundoora Channel (entrance to Port Broughton) have been removed, and that in lieu thereof forty-five beacons have been erected.

The two outer beacons mark the bar entrance. In navigating the channel the black one with square head should be left to port when entering, and the red one with round head left to starboard; the remaining forty-three (each alternate one of which has a round head) are painted red, and are on the starboard side of the channel, extending from the outer bar to the Port Broughton Jetty.

This affects Admiralty Chart 2380B.

## WORKING OF THE LICENSED WAREHOUSE AND FIRE-BRIGADE ACT, I OF 1893, IN THE HOWRAH MUNICIPALITY DURING THE YEAR 1896-97.

No. 4608M.—*The 1st September 1897.*—The following report is published for general information, in accordance with the provisions of section 41 of the Licensed Warehouse and Fire-Brigade Act, I of 1893.

C. E. A. W. OLDHAM,  
Offg. Secy. to the Govt. of Bengal.

No. 798M., dated Chinsura, the 24th August 1897.

From—G. STEVENSON, Esq., Offg. Commissioner of the Burdwan Division,  
To—The Secretary to the Government of Bengal, Municipal Department.

I HAVE the honour to submit herewith a printed copy of the Annual Report on the working of the Licensed Warehouse and Fire-Brigade Acts in the Howrah Municipality during the year 1896-97.

ANNUAL REPORT FOR 1896-97 ON THE WORKING OF THE LICENSED WAREHOUSE AND FIRE-BRIGADE ACTS, IV AND I OF 1883 AND 1893, RESPECTIVELY.

Dated Howrah, the 15th June 1897.

From—F. W. DUKE, Esq., Chairman, Howrah Municipality,  
To—The Magistrate of Howrah.

I HAVE the honour to report that 375 warehouses were licensed in 1896-97 against 319 in the previous year—

|        |     |     | 1895-96. | 1896-97. |
|--------|-----|-----|----------|----------|
| Jute   | ... | ... | 29       | 30       |
| Cotton | ... | ... | 36       | 37       |

| Total  | ... | ... | 319      | 375      |

2. The income from license fees on these warehouses for the year under report amounted to Rs 4 239, of which Rs. 26 were collected on account of arrears for 1895-96. These fees during 1895-96 amounted to Rs 4,410, of which Rs. 180 represent arrears of 1894-95. Appendix A gives the collections under these heads, and Appendix B is a detailed statement of the licensed cotton and jute warehouses.

3. Similar details of the 308 warehouses against 254 in the preceding year, licensed for the storage of straw, wood, rags, and hay, owing to their comparative unimportance, are not given. These warehouses before the year 1893-94 were licensed under section 261 of Act III (B.C.) of 1884, but in July 1893 were brought under the provisions of Act I (B.C.) of 1893.

4. The amount of fines from 53 prosecutions instituted during the year under section 14 of the new Act was Rs. 313, against Rs. 408 in the previous year.

5. The expenditure incurred in assessing and collecting the license fees amounted to Rs. 743-7-6—

During the week under report, the total imports of rice into Chittagong amounted to 20,134 cwts., the whole of which came from Burma, against nil in the same period in 1896. In the case of gram and pulses, the imports from Calcutta fell from 313 cwts. to only 18 cwts., and those from Narayanganj from 1,197 cwts. to nil. The shipments of rice from Balasore to Calcutta declined from 22,399 cwts. to 17,584 cwts., and of gram and pulses from 1,428 cwts. to only 117 cwts., but the exports of paddy rose from 4,192 cwts. to 6,620 cwts. Puri, which sent 2,073 cwts. of rice to Colombo in the second week of August 1896, exported nothing during the corresponding period in 1897.

Detailed statements showing the sources of supply and the places of destination, both as regards Foreign and Indian ports, are given below:—
